## Raves

Pam is an amazing photographer. She was punctual, attentive, knowledgeable, and it was easy to see that she loves her job. She spent ample time working with me and making sure she got all of the shots that we wanted. I could not have asked for better photographs! I was thrilled when we got our pictures back, and her work speaks for itself. Thank you so much Pam, I cannot recommend her enough.

Pam is such a talented and organized photographer. I could go on and on about how sweet and hilarious she is! But I know brides want to hear the quick and reliable details. PMP is perfect because she spends time getting to know exactly what you want, creates a detailed timeline with you and sticks to it (to the minute) can have an assistant who will capture additional angles, creates timeless photographs that you will enjoy forever! I absolutely loved working with Pam and will definitely be working with her in the future! Amber + Stan 11.2.15

I looked Pam right after I got engaged because I could not imagine anyone else doing our pictures and I'm so glad I did. I'm so thankful that I will have beautiful pictures to cherish forever of our special day. Pam knows exactly what she is doing and gets it done. She doesn't waste one minute. She is very knowledgeable of all things wedding so it is very helpful to have her as a reference. I'm beyond happy with the way the day went and how perfect our pictures turned out. I would recommend Pam to anyone! She is great!!!

Finding a wonderful photographer for the wedding was my #1 priority!!! And I truly cannot say enough great things about Pam. She is an energetic, happy person who is full of life and amazingly talented! If you take even one minute to view the pictures on her website, you will see what I mean. Lots of people can take pictures. However, not many can take creative, beautiful, artistic shots and produce hundreds of gorgeous images the way Pam does. She captures light beautifully and knows just what to say and do. She is also one of the sweetest people you will ever meet, and she will make you feel so beautiful and so comfortable on such a big day!!! If you don't want to worry about having those fabulous pictures at the end of your wedding, choose Pam! She will make it happen and you will not be disappointed. PS call her early! She books up super fast!! Jessica and Tony 7.6.15

Aside from the skills needed to handle every technical situation, your photographer becomes part of the process, a trusted friend and even part of the family! Being a PARIS MOUNTAIN bride or choosing PMP to shoot your portraits isn't just about getting good pictures. It's about becoming Pam's friend. Inviting her to

your wedding or home. Introducing her to your family and friends. Making a connection. PAM gets excited about your dress, laughs with your children, cries when you read your groom's love note, and even dances at your reception! She will hold your hand through the whole process because she's not doing it because it's her "job." She does it because she loves people! She loves photography! She loves families!
