

Thank you for your inquiry. Here at Rocky Top Photography, LLC, we take pride in quality and affordability. There are no hidden fees in our quotes. When I release photos, they are yours. I only use client photos for my gallery as advertisement. I will never sell a client's photo. Plus, if the quote provided doesn't fit your needs, we will customize a package for you.

Please check out my extended work on my Facebook business page **Rocky Top Photography, LLC**, and I hope to hear from you soon to discuss the wedding further and to get you on the calendar.

The RTP Wedding Session includes:

Pre-Session Consultation. An initial pre-session consultation in which we plan how we are going to bring your special session to life. We will craft a session based on locations, lighting, clothing and styling that culminate in a shot list that is completely original and unique to you.

Extended Shooting Session. A 4-hour or 8-hour shooting schedule will give you the freedom to tell your story - your way.

No Limits. There are no pre-set limits on the number of locations, groupings or ideas that you may want to incorporate into your session.

Art Work On All the Proofs. The full RTP Wedding Session usually results in about 100 to 175 finished proofs depending whether it is the 4-hour or 8-hour session. Each proof is completely retouched and optimized to present the best version of you. The process of perfecting the artwork on your portraits generally takes about 4 weeks. In peak seasons, it may take longer, so it is important to discuss any client-specific deadlines in advance.

Proof Viewing & Ordering Session. I will invite you into the studio for a presentation of your proofs. After the presentation, we will go through the proofs and take as much time as necessary to decide on your portrait order. You will be able to compare proofs side-by-side and in a variety of formats and real-life sizes to make the selection process fun and easy.

Digital Images. Your purchased proofs will be provided to you on a flash drive. The cost of the flash drive is included in the session fee.

Session Fee. The 4-hour session fee is \$900, which includes 100 proofs without a watermark. The 8-hour session fee is \$1400, which includes 175 proofs. You are welcome to purchase additional proofs for an additional fee.

Add a second photographer: \$200

Engagement Photos

Pre-Session Consultation. We will meet to craft a session based on locations, lighting, clothing and styling that culminate in a session plan that is completely original to you.

Extended Shooting Session. A two-hour shooting schedule will give you the freedom to tell your story - your way.

No Limits. There are no pre-set limits on the number of outfits, locations or ideas that you may want to incorporate into your session.

Art Work & Retouching. The Senior Session results in about 35 to 55 finished proofs. Each proof is completely retouched and optimized to present the best version of you. Perfecting the artwork on your portraits generally takes about 4 weeks. In peak seasons, it may take longer, so it is important to discuss any client-specific deadlines in advance.

Proof Viewing & Ordering Session. I will invite you into the studio for a presentation of your proofs. After the presentation, we will go through the proofs and take as much time as necessary to decide on your portrait order. You will be able to compare proofs side-by-side and in a variety of formats and real-life sizes to make the selection process fun and easy.

Digital Image. Your purchased proofs will be provided to you on a flash drive. The cost of the flash drive is included in the session fee.

Session Fee. The session fee is \$250, if wedding photos are not booked through RTP, which includes 20 proofs without a watermark. You are welcome to purchase additional proofs for an additional fee.

**If booked through RTP, engagement photos are \$100, which includes 20 proofs without a watermark.
