- Edited High Resolution Images (300+)
- Color + Black/White Set
- Custom USB Drive
- Online Password Protected Image Folder
- All Rights to Print/Publish

\$850

A good photograph is a feeling, the recollection of a touch, a kiss, of a loving embrace.

That moment in time is frozen. Forever. And with it, the emotion of that moment will be remembered. Forever.

Your wedding day is unlike any other. It is a day filled with emotions - love, joy, romance - that will become embedded in the photograph. A memory that will be felt for years to come and to be shared with the future generations to come.
