# Welcome Friends!

**My name is Christine Miller and I am the face behind Christine Danae Photography!**

I'm so honored that you found me in your search for a wedding photographer. Here's a little about me before we move forward!

- I am a military girlfriend of just over 2 years and we plan to get married soon!
- I'm a Fort Wayne, IN native but I LOVE traveling
- I am a coffee addict/snob and I have to have at least 1 cup a day (sometimes 2 or 3)
- I am a hard core extrovert and LOVE being around people!
- I have been a small group leader for high school girls at my church since they were in 7th grade - they graduate in 2024 and my heart can't handle it!
- I started this little business of mine over 10 years ago.
- I absolutely love photographing weddings and I have been honored to capture 50+ love stories.

## MY PHILOSOPHY:

I am sure you are already overwhelmed with planning your wedding whether you just got engaged an hour ago or 5 months ago!

You want your big day to be **PERFECT**, but there's a lot of decisions that need to be made in order to make that happen: from forming your bridal party and picking out color schemes to hiring a DJ and Photographer... it's **A LOT...** simply to get married!

My goal is to take as much stress away as possible so that you can focus on the ultimate goal of your wedding day - **MARRIAGE**! My extroverted and enthusiastic personality + calm and compassionate spirit have proven to be very effective in the planning process as well as your big day! So, yes, you can trust me to capture every little moment with my trusty Canon 5d Markiii so that you can look back on the biggest day of your lives for years to come.

## THE PROCESS:

Your wedding photographer(s) will be spending most, if not all, of your day with you, so finding someone you really like and get along well with is of utmost importance. More than making sure that you simply like their style, you want to make sure that you'll **ENJOY** being with them!

That's why I always schedule a consultation (which usually lasts 30-45 minutes) before you book so that we can discuss your details and make sure that we're the right fit! After we meet (either in person if you're local or on Zoom/FaceTime) and you want to move forward, you'll sign an online contract and put a 25% deposit down! Then we get to start planning your engagement photos and curating your wedding timeline! You may even get a surprise from me ;) I love sharing in any excitement along the way with you and I'm happy to help!!

**Let me know when you want to schedule your consultation!**
