

I'm a **Wedding Photojournalist**.

I will develop a story with unique and natural moments, without excluding moments of posed of your choice.

It will be **your** Wedding.

## ABOUT ME

---

I'm Tyler Nardone, or simply a curious dude who lives photography as an obsession, a fantastic obsession.

I've always liked the stories, but I've never been good at telling them, until I found photography. From that moment my journey began, up to the Wedding Reportage.

And for those who ask me if I do "only" Weddings, I like to mention Scianna:

"I think that a photographer, in fact, is someone who looks at the world, who tries to see it and who translates it into the language that has learned the most".

# WEDDING PACKAGES

## FULL DAY MAX 14H:

TAXES INCLUDED **€2000**

I will be with you for the whole day, ready to take every opportunity! Between 12 and 14 hours of service to cover the entire wedding, groom and bridal preparations, ceremony, and reception. A package where you certainly can not miss any moment!

## SMART MAX 10H:
