TRACY PHIPPS

Chaos Coordinator

Tracy has been planning weddings since 2013 after she fell in love with the process during her own wedding. She's an expert at curating event designs with bespoke details for couples looking for authentic experiences with casual understated elegance + refined details.

Kristi + Aaron

Tracy at P3 Events helped bring our ideal wedding dreams and vision come to life! We're so happy we found her and appreciate all of her hard work, time, and dedication in ensuring that everything came together for our special day. We're also very grateful for her help and services because we're the type of people that have a lot of ideas, but struggle to put it all together and make it happen. Before asking her to work with us, we were dreading the wedding planning process, but she made it seamless and stress-free! We've already received so many compliments from our guests about you and how AMAZING everything looked and turned out. Without P3, our wedding would not have been as perfect and special as it was! Also, shout out to her for making a stage for the musician so last minute!! And another shout out to her for making sure the sun was not in my eyes during dinner! Those types of details and gestures are further proof of how caring and dedicated Tracy is to her clients!

Emily + Dan

Tracy and her team helped plan and execute my wedding flawlessly! It was a big task since I was getting married on a family property that needed to be converted to a wedding venue for 180 guests. It was a tall order, but I really can't say enough about how amazing Tracy was to work with. She took my ideas and ran with them to create the wedding of my dreams. Tracy was so flexible with my last-minute requests and handled all of the details so I did not have to worry about them on my wedding day. She has an amazing eye for style and detail, and I was able to trust her creative judgment completely. It's also obvious that Tracy has built great relationships with other vendors. Every vendor she recommended did an exceptional job. I will be recommending Tracy to every bride I know!
