#### Trial & Travel:

- Trials are performed at my home makeup studio in Holbrook
- Travel fee applies only if traveling outside of Long Island. (Brooklyn, Queens, NYC and east of Riverhead).

#### What to expect at your trial:

At your consultation/trial, we first analyze your skin to determine skin type. Then we will talk about what look you are trying to achieve. Showing us a picture of a specific makeup look you want is always a great starting point. Communication is key to getting your desired look. If we are on the same page then we can definitely give you the look you want! Once we have a makeup look in mind, then we will prep your skin with the proper skincare to suit your skin type and give you a full face look with all the necessary steps of primers, foundations, highlighting, contouring, setting powders and setting sprays (takes about an hour). We use all high-definition, professional film foundations and airbrush makeup that will last all day. It looks flawless in person and photographs beautifully as well.

#### Wedding Day:

On your wedding day we will meet you at your location. We are fully equipped to handle large bridal parties. Rest assure we are very reliable and we will make sure that the "makeup" part of the day goes smoothly! We know that this is an

exciting time for you but can also be or get little hectic. With that said, I always tell all my brides, that we will do everything we can to accommodate you and make this a very fun and stress free experience.

We hope this information is helpful. Please don't hesitate to contact us with any questions.
