

Blowouts start at \$45.00 and up depending on the length and thickness of the hair. Updos start at \$85 and up depending on style and time involved. Most Updo styles stay at \$85. Also keep in mind that anyone with extremely long hair or requests for extremely intricate or time consuming styles (over 45 minutes) are charged a little more. We rarely run into those circumstances.

Makeup is \$90 and air brush makeup is \$120.00. Included with our makeup application is the brand new lipstick/gloss product (valued at over \$20) we use on you so you can reapply for the rest of the day. False eye lashes are also included if desired. We can usually cover tattoos and pigment problems but there are additional charges for these services. We also offer a mini makeup package for eye makeup only at \$40.00.

Flower girls and young ladies are usually around \$45 for a simple little updo or style. Lately we have been finding that many of our flower girls have long, thick hair and want more elaborate styles. Any styling that goes beyond 15 minutes will be priced at higher charges.

We also offer trial runs for anyone requesting one. Pricing for trial runs is \$100/hour with a 2 hour minimum charge. Usually we can fit hair & makeup trials into the 2 hour minimum depending on the different styles you want to try.
