PRICING & FAQs

FAQS

"Which wedding package do your clients book?"

Most couples find that the \$2,900 - \$3,900 wedding packages fit their needs perfectly.

"Can we walk through the venue together?"

All wedding photography packages include a walk through at the venue!

"Do I need a second photographer?"

A second photographer is recommended with 150+ guests, if you would like to have a backup photographer on calendar, if you are interested in Bride and Groom getting ready coverage, more complete overall coverage, and/or more photos.

"Are you licensed and insured?"

Yes! Brooke Limperis Photography is a licensed and insured business.

"What is your style?"

Vibrant, warm photos with my signature color settings. I want the photos to tell your beautiful story with true to life colors and a variety of romantic, sweet, candid, and fun poses!

"Can we make our own prints/albums?"

Yes, the print release is included with all photography packages. I also offer excellent high quality prints made in San Francisco and gorgeous albums hand crafted in Chicago.

"I don't know what to do in front of the camera. Help!?"

I will give direction and provide prompts as needed to help you look your best. Photoshoots are soooo much fun. Relax and have a blast!

"When do I get to see my photos?"

Preview photos are typically ready to view next day. The sneak peek is ready 7-10 days after the session.
