Hello there!

We want to say congratulations on your engagement! A wedding takes a lot of planning which includes time, patience, and even some creativity on your part. What you need to keep in mind is that all of the hard work will be worth it in the end. You will have a beautiful day that you will remember and hold close to your heart for the rest of your lives.

When you work with Koloski Photography you will learn that our goal is to capture all of the emotions of your wedding day. After the long planning process, it is up to us to capture in images the beautiful bliss of your special day. We'll work tirelessly and passionately from the beginning of the day to the end of your special day!

What to expect

Once you book your wedding with Koloski Photography, we will begin by learning as much about you as possible. First thing would be to schedule a consultation at a time that works best for you. This will allow us to get to know each other better and see if we are a good fit. At this time, you can sign any contracts that need to be signed, and talk about any special requests that will suit your needs.

I love to meet my clients beforehand so we can both develop a great rapport before your special wedding day. As soon as we have a date confirmed for your wedding day, we can begin planning engagement and bridal sessions should you wish to do so.

This is an exciting time in your life and Koloski Photography wants to be sure we deliver the best memories as you continue your life together.

Unplugged

In today's world of technology, we spend a large portion of our day glued to the computer, our cell phones, television, etc. This is why it is important that on your special day we kindly ask your family, friends and guests turn off all of their cellular devices during your ceremony so that the full attention can be on the both of you. You and your spouse have dedicated a lot of time, effort and patience into making your wedding day a very special occasion.

We too believe that the best thing that can be done to make your day special is to unplug and turn off our devices and enjoy the present moment.

Timeline

At your wedding, we will create a time line so that your “special day” will flow flawlessly.

As a professional, I like to make sure things run smoothly. I usually ask for a runner from each side of the family, that is NOT in the wedding party. The reason for this, if a member of the family is missing, they will be able to locate them. We will also give you a checklist to be done by the bride and groom so no photographs will be missing on your special day.

- Bride and Bridesmaids getting ready
- Groom and Groomsman getting ready
- Ceremony
- Formal photographs of families and bridal party
- Formal photographs of Bride and Groom
- Introduction of wedding party
- Bride and Groom first dance
- Bride and Groom toast and dinner
- Bridal party dance
- Father /Daughter dance
- Son/ Mother dance
- Cake cutting
- Flower and garter toss
- Dancing - end of night

Testimonials Koloski Photography

Steve was the photographer for our wedding and we couldn't have hired a better person for the job! He provided helpful input during the months leading up to the wedding and was very professional. His rates were very affordable and he was the only one we saw who actually provided 2 photographers for the occasion. Steve and Amy arrived early to our ceremony and captured special candid's of all of us getting ready. They were fun to work with and we all had a good time posing for pictures despite the cold temperatures outside. At one point, Steve even offered me his jacket while we were waiting so I wouldn't be cold :) The quality of the pictures were beyond amazing and they were more beautiful than I could have ever imagined them to be and were ready for viewing in 2 weeks. Several guests (and the owner of our venue) were impressed with his services as well. I would definitely recommend Koloski Photography to anyone looking for a photographer and will definitely use his services again in the future.

Steve, Thank you so much for the beautiful photos! We couldn't be more pleased with how they came out! You captured some pretty epic shots! You and Aime did an amazing job, thank you for being such a big part of our important day!

I hired Koloski Photography for my wedding and the experience was nothing but fantastic. His experience and professionalism are very apparent in his work. I am impressed not only by the final results, but by Steven's aptitude for friendly customer service. Most notably, I thought, was how well he handled our camera shy kids, making them laugh and smile for photos. I'd absolutely recommend Koloski Photography for any photographic service.

Steve Koloski handled my wedding with a great deal of care and professionalism. Every moment we wanted to remember was captured, even ones we forgot we asked for. That meant a lot because being wrapped up in your wedding day you don't have time to remember everything. I would HIGHLY recommend Steve for your next event, you will be happy with the results.

From the moment that we met with Steve, he was invested in our wedding. He was always willing to meet with us and discuss ideas. He made the photo shoots easy and fun and was willing to go along even with our wacky ideas. Steve Koloski offers a great value and an amazing service. I am so happy that we choose Koloski Photography for our wedding. I would recommend him to all of my friends and family.

Carly & Stephen

Such a talented artist! Steve is an absolute gentleman and so incredibly professional. Also...he got my husband to smile...with teeth. That never happens! The pictures he took for our engagement shoot and our wedding took my breath away and I still tear up when I see them a year and a half later. I just recently had to have my picture taken for work and had such a fun session in the studio..
