

Wedding Photography

Mari Miller Photography's specialty is event photography, shot in a creative "journalistic" manner. We shoot in an unobtrusive, story-telling style meant to reflect the individuality of you and your guests.

Our wedding photography is provided on an hourly basis with a la carte options

- ✓ Sneak peak slideshow of your wedding during the reception, if requested.
- ✓ We will provide an online gallery for you and your guests to enjoy. We will host your gallery at no cost and there will be the option to purchase professional lab quality prints and canvas.
- ✓ A 'sneak peak' Facebook album with watermarked images to share and tag.
