DELIVERY and LABOR:

Delivery varies depending on distance and Labor depends on how much set up and take down is needed. The further away the more delivery is going to cost. Same with Labor the more I set up and take down the more the price will be. I do also just drop of floral pieces without any set up or take down.

- \$30 - \$200 for delivery (average \$50)
- \$50 - \$300 for set up and take down (average \$100)

APPOINTMENTS:
