

MAGGIE STOLZBERG

the WEDDING GUIDE

A romantic couple in formal wedding attire (a tuxedo and a white dress) are shown in profile, kissing on a balcony. The scene is backlit by the bright sun of a sunset, creating a warm, golden glow and lens flare effects. The background shows a building and a clear sky with some clouds.

Engagement pictures of Dorian & Maggie

Finding an authentic connection with my clients fills me with optimism about love and motivates my desire to photograph weddings because they are unique to each couple.

I have an eye for color, light and emotion. I have a talent to bring out the very best in everyone because of my enthusiasm, genuine disposition and drive to capture creative images. For over seven years I have been photographing weddings and recently met the love of my life who now is my second shooter. We are a power team!

Having a degree in graphic design has allowed me to be on the forefront of the technique and creative side of conceptualizing visual art.... Pictures are the one thing that we have to remember our life.

I find that I create my best work after taking the time to get to know my clients on a personal level. This is one way I can photograph and express your story thoughtfully and with creativity.

I specialize in destination weddings because traveling fulfills my desire to maintain a fresh perspective on life.

What I love most about my career is that it's taken me around the world with couples who are just as passionate about the art of photography and life as me.
