Frequently Asked Questions

COVID-19

Are you booking trials or weddings?

Yes! As of August 1, 2020, Lush Bridal will start accepting new bookings and trials.

What is your policy regarding rescheduling or cancellations due to Covid-19?

If your wedding venue is rescheduling your date, we will also reschedule your contract at no penalty. Any cancelled weddings will have their remaining balance waived. However, retainers will not be refunded.

What if you are not available on my new date?

If your scheduled artist is not available on your new date, we will do our best to provide you with another artist from our team.

Can I still book a bridal trial?

Yes. However, no guests will be allowed to accompany you at your bridal trial. All clients must wear a mask and be willing to take a temperature check upon arrival. You must also fill out our Covid-19 Declaration Form found on our website prior to your appointment.

What if a bridal party member gets sick and the head count changes before the wedding day?

Your bridal contract commits you to a set number of services that correlates to the work assigned for your scheduled artist for that date. We cannot decrease the amount of services booked after we have already allotted time for it in your artist's schedule. If a bridal party member is sick, you may transfer services to another member at the same event, but no refunds will be given.

TRIALS

Where are trials held?

Trials are held at the Ereny's [owner of LB] home studio in Old Bridge, NJ. Exit 120 off the GSP.

I would like to have a trial, but my wedding is months away. Will the makeup and hair be the same on the wedding day? How do you remember what you did?

At every trial, our artists will produce a face chart with the products used and the application technique. We'll keep this with your file until the day of the wedding along with photos. We'll duplicate the same look on your wedding day. And don't worry, we'll always rematch the foundation on the day of incase your skin tone has changed between seasons.

How can I book a trial?

We're excited to meet with you and bring your dream wedding look to life! Call or text us at (732)421-9865 or email us with your availability, and we'll set up the earliest appointment that meets your schedule.

BOOKINGS

How does the booking process work?

A 50% retainer and signed contract is all you need and the date is all yours. If you haven't had a trial and would like to book without one, just email us and we can set it all up for you via fax, email, or US mail. You'll receive a copy of your contract once your booking has cleared.

What are your methods of payment?

Advanced bookings and retainers can be paid by cash, check, credit card or Zelle. All remaining balances are due *one business week* before the wedding day. Checks can be made out to Lush Artistry LLC. Credit cards will be charged a 3% convenience fee.

Is there a travel fee?

Our standard travel and booking fee is \$100 for up to the first 25 miles round trip. Additional miles are charged .55/mile. Rates are calculated round trip from our studio, zip code 07721. Parking and tolls are not included and will be billed separate on the day of the event.

I have a large bridal party, is it extra for multiple artists/stylists?

Our team is very time conscious and works by a set schedule made before the wedding to maintain efficient timing. However, for larger bridal parties that have a limited amount of time to get ready, an additional make-up artist or hair stylist to get you ready in a fraction of the time are \$100 each.

ARTISTRY

What type of products do you use?

Lush artists use top brands of make-up products such as MAC, Estee Lauder, Lorac, Anastasia Beverly Hills, NARS, Make up Forever, Laura Mercier, Urban Decay, Ardell, Stila and others.

Are your products hypoallergenic?

Hypoallergenic is a word made up by cosmetic companies to simply impress their consumers and market their product as a less allergy producing cosmetic. Simply put, there is no such thing, because there's no way to customize a product to everyone's skin. The best way to tell if a product is right for you is to know what you react to and check the ingredients. For more information, check out what the FDA has to say about hypoallergenic products by visiting them at their [website](#).

How long will my make-up last?

Your eye make-up will look flawless all night! If you are going with the traditional application, you may want to bring powder for touch ups. We do recommend reapplying lipstick if you'll be greeting people with kisses. Our artistry has been tested! Many of our brides have told us that their make-up stayed on until the next day. Lashes are meant to stay on for the initial application. If taken off, cleaned, and set properly you can get another use out of them.

If I provide my own lashes, will that change the price?

Lashes are an investment into making your eyes pop! They take time to apply and make such a difference. Whether your bridal party brings their own, or uses ours, it is the same price for the artist's application.

How much does it cost for tattoo coverage?

Tattoo and birthmark coverage is priced according to the size of coverage. We highly suggest having a tattoo trial run along with your make-up trial. We'll be able to give you a rate before we begin. Please let our booking manager know ahead of time if you will be needing a tattoo coverup trial.

Why should I leave a review?

We encourage you to leave a review with your honest opinion about our services. Our views help brides like you know what to expect and hear from someone who has hired us in the past. We are so thankful for those who take the extra minute to leave one. Nothing makes us happier than hearing from our brides after the big day.
