Meet the Photographer

I've spent over a decade photographing people and I can't wait to document your story.

Before transitioning into wedding photography, I went through all possible stages. I started with newborn photography, shot a lot of maternity sessions, boudoir, families, portraits and events. The experience was amazing, but ultimately it was weddings that I enjoyed the most. Nothing beats the energy of a wedding day. The excitement, nervousness, happy tears and pure joy.

I strive to document your story in a way that shows your emotions, not just your faces.. When you see your photos, they will reflect who you are and how you felt on your special day. I'm looking forward to meeting you and capturing those moments that will one day become your best memories!

The Experience

Client Reviews

Oh my goodness... Our pictures are so gorgeous, I'm speechless and in tears. Booking Karina was the best decision of my entire wedding!! The flowers faded, the cake was eaten, but our pictures will stay with us forever. This is one and only thing from our special day that we get to keep and later share with our children, grandchildren and generations to come. Getting your photographer right is the most important decision and I'm so glad I found MKPhotography by Karina
