About Us

Liz and Steve of L&S Photography are creative, fun loving, free spirited couple, that loves what they do for their clients. Their passion for photography started in 26 years ago before they even met each other. As their love for each other grew so did their hobby of capturing images and moments in time. They married in 2003 and since then been blessed with two amazing boys, Logan and Seth. It wasn't until after the birth of little Seth that Liz decided to leave her teaching career and turn her hobby into her career. Knowing she couldn't embrace this endeavor on my own, she teamed up with Steve. Combined they have over 50 years experience behind the lens and they both hold a degree in art. Their style of photography is unique, dramatic and timeless.

They currently live in SWFL and when they are not working they enjoy spending as much time as possible with their boys. They love time at the beach, camping, archery, paintball games, long Harley rides, soccer, time at Disney and of course photography with their family. Yes photography as a family. Their oldest son, Logan, is studying to be a photographer as well. While Seth, their youngest, just likes to pose for a pictures. They all share their home with their two crazy cats, Shadow and Dyna, the princesses of the family.

Not only is Steve an award winning photographer, but he is a paramedic and a veteran, and has a love to help others. He supports all veterans and first responders any way he can. Liz and Steve are passionate about helping children and ensuring the future for the next generation, which is why they are photographers for The Hearts Gallery of SWFL (The Children's Network) photographing children that are looking for a forever home. To ensure every family can care for their children in a time of need, they also support the Ronald McDonald House of Fort Myers and B.A.C.A. (Bikers Against Child Abuse).

Of course they can't forget about all the furry, four legged babies without a forever home, so they support our local Human Society with your help. As a "Eco-Friendly" company they take caring for the Earth to heart with using recycle and sustainable materials. Their website is hosted by a company that is powered by wind, and use Apple electronic devices that are energy efficient to manage their day to day business needs. That's just to name a few was they care...

They are passionate about helping children and ensuring the future for the next generation. When you purchase a Wedding Package they will donate 10% of the package price, of your choice, to one of these charities listed above. Of course if there is a different charity you would like them to donate to, please feel free to let them know and they will be happy to contact them about your donation.

They can also have a tree planted in your name as another way to help with our environment, so our children will have a wonderful and beautiful world in which to live.

Session done at a local hotel (up to \$150 room).

A bride and groom are embracing on the deck of a cruise ship at night. The groom is wearing a white shirt, a dark vest, and glasses. The bride is wearing a white, lace-trimmed wedding dress. They are standing on a wooden deck with a white railing. In the background, there are red fireworks exploding in the dark sky. To the right, there is a large, illuminated red structure, possibly a part of the ship's decor, with a white figure on it. The overall atmosphere is festive and romantic.

Southwest Florida's
only

Disney Cruise Line

Wedding Photographers

For all destination
weddings,
the client is responsible
for all
travel costs
including flights,
accommodation, meals,
transport

For cruise weddings contact us for a customized quote and package.

Engagements

We do engagement photography at many locations, including Walt Disney World. Our engagement sessions can be added to any wedding packages unless the package already includes one. This is the best way to get photography done for announcements of the upcoming wedding.

\$350

Our engagement packages include the following:

2 hours of photography
Online viewing and sharing of
Images
Digital Download of Enhanced
Images

Retro Pin Up Photography

Pin Up Photography is a fun and cheeky type of photography. Based on the old Cheesecake Style Pin Up Photography from the 40's and 50's. We capture a style that you and your significant other will love. Pin up sessions can also be done as a boudoir session. Why not do something a little different and fun.

We love Retro Photography and the Pin up Style Photography. We have packages Available to capture your Cheeky Side! Contact us for more info about our Retro Pin Up Photography.
