Benefits of Full Day Coverage

With full day coverage, your beautiful wedding gallery will tell your entire, personalized, wedding story. Memories of loved ones, candid moments, details between the large events, these are all part of your unique story and are able to be more fully photographed with full day coverage. Full day coverage packages are up to 10 hrs, starting at the first formality (prep photos) and ending with the final (ie, cake cutting).

A 30% booking fee and signed contract holds your date and guarantees my photographic services.

Wedding Photography Timeline

Your wedding photography needs and plans are unique and will be discussed and honored. Here is a typical yearly timeline for you to see what our process is like and what to expect in the months leading up to your big day.

Initial Questionnaire form

You saw my work and made your initial inquiry—Thank you! Please look out for the Inquiry Questionnaire form, which will be emailed to you shortly.

Schedule a call

Within a day or so, we will schedule a call to get to know each other a little better. We will discuss your vision for your wedding and any specific requests you may have. I will explain the benefits of booking with me and what I offer.

Invoice and Contract

After our initial call, I will send you a quote and contract. If you make the (excellent) decision to book, the signed contract and a 30% booking fee will hold your date. Keep an eye out for a Welcome email that will include sample timelines, preferred vendors, add-ons, and more!

Engagement session

Approximately 6 months before your wedding we will discuss your engagement session and figure out the details. You will receive your edited engagement photos within a week or two, in time to send your Save the Dates out 4-6 months before your wedding.

Final Questionnaire

Approximately one month before your wedding you will receive your Final Questionnaire. I will use this information later when we talk on the phone and finalize your day-of details.

Timeline Call

About two weeks before your wedding day we will have our final call. During that call we will discuss and work on a timeline that organizes details like:

- Locations, timing, and venue specific requirements
- Family and wedding party names and photo combinations
- Personalized requests and ideas

Finalized Wedding Day Timeline

The night of our final call, I will send you the finalized timeline and photo list for you to review. If you see changes you would like to make, you can comment on or edit the document.

YOU GET MARRIED!

Memories arrive

You will receive your personalized online photo gallery 3-4 weeks after your wedding!

Why you should book Matthew Rigby Photography for your wedding

- **A unique perspective.** Your wedding memories will be documented in an honest and creative way. Your final gallery will include a mix of candid documentary style photos, posed traditional photos, and creative photos that highlight the special connection between you and your spouse. Your delivered album will reflect my timeless style that adeptly balances natural light photography with off camera lighting.
- **Organization!** We will talk about your wedding day prior to your event and we will work together to develop a timeline and your must-have photo list. Sometimes not everything goes as planned, but your day will still run smoothly when we have a well-designed structure to fall back on.
- **Experience.** I have 8+ years experience and typically work 20-25 weddings per year. I can adapt to any situation, photographically or situationally. You can bet there are back up plans to the back up plans. Ask me sometime about the fire alarm!
- **Empathy and efficiency.** Your wedding day is meant to be enjoyed, not manufactured. You will get the photos you want, and we will work our hardest to ensure you can get back to your celebration. We will listen to your requests and do our best to honor them all!
- **I'm Batman. Not really,** but one piece of feedback I consistently hear from couples is that I captured all of the special moments of the day, even ones that they were not aware were happening. I also hear that they had no idea I was there, but that I got that important photo, the one that later becomes a meaningful favorite.
