About Naian Photography

Hello!

My name is Natalie, owner of Naian Photography. Thank you for visiting my site.

I take the utmost PRIDE in all of the images I capture and strive to make your poses look effortless, ROMANTIC and natural. Documenting the day as it unravels is my specialty as I have been shooting weddings for over 5 years.

All of my images are carefully retouched SINGLE HANDEDLY. I am not a company that sends off other people to capture or edit such a delicate event. I am there on the frontlines 100% ready for all the moments, the tears, the hugs, the kisses and laughs. I am also behind the scenes, carefully stitching together your dream wedding images.

Let's chat soon about capturing your VISION!
