## About Me

---

*"My style is a mix of fine art and documentary | lifestyle photography. I love to find beauty in details and harmony in moments".*

I'm Olga Levien, an Auckland-Hamilton wedding photographer, wife of a handsome kiwi husband and Mama of 2 beautiful babies - prince William and princess Anna-Bella.

I am originally from Saint-Petersburg, Russia and met my husband overseas in Europe.

The next thing I know, we moved to New Zealand (a very beautiful country with wild nature and a great lifestyle). I love storytelling and being part of engagement and wedding celebrations, capturing all the raw emotions, seeing moments of both laughing and crying, documenting the true story of your wedding day.

These are such treasured memories - everyone deserves to have their story told in images that speak from the heart! Love is all around us!

*xoxo*

## My Philosophy

---

My style is mix of fine art and lifestyle | documentary approach.

I love to capture candid moments through the day: if you laugh I will capture that, if you cry I will capture that too.

I find beauty in details and harmony in moments.

I love to capture raw emotions and connection between people. Even posed photos I prefer to capture natural and happy way.

I'm a very friendly, easy going and a great peoples person, so I make sure everyone is comfortable in front of the camera (even shy people and especially kids). I expect the unexpected and stay relaxed in any situation (who not, with 2 little ones in the house? :) and I adapt easily! I'm highly organised and creative, and make sure you will get all important shots you want for your wedding and even more.

I never limit the quantity of images from your engagement session or your wedding day and hand-edit each best image in your gallery artistically with my unique style.

I would like to tell the story of your wedding day, document each important moment for you which will be treasured forever!

## FAQ

---

### 1. When will our photos be ready for viewing?

3 - 4 weeks following your wedding, your online gallery will go live showcasing your beautiful images ready for downloading (editing rush {2 weeks} available on request).

### 2. How many photos will we receive?

You will receive ALL the photos from your wedding day, minus the ones where people are blinking etc. The amount of photos you will receive is roughly 60-80 images per hour of shooting.

Therefore a 10 hour day will give you on average 600-800 photos.

### 3. What camera do you shoot with?

I shoot with a Nikon D750, as well as a Nikon D750 backup camera. I use the following lenses through the wedding day: Nikon 35mm 1.4, Nikon 50mm 1.4, Nikon 85mm 1.8, Nikon 70 - 200mm 2.8 and Nikon 24-70 mm 2.8, Lensbaby Swet 35 mm.

### 4. How many weddings do you shoot per year?

I give my clients my complete attention and prefer to shoot limited quantity of wedding each month.

### 5. How far in advance should we book your photography services for our wedding?

I recommend booking as soon as your engaged. I am already booked up for the next 9 months, and some dates in one and a half year time, so it is crucial that you reserve your place as soon as possible.
