Pricing Guide

Hey hi hello!

Can I just say, **HOLY SMOKES YOU'RE GETTING MARRIED!!!**

I am so excited to hear more about you two, how you met, what your favorite memories together are, and of course all about the big day!

If you're looking for a photographer who is ALL IN with you from the start, you're in the right place! I hit the ground running from the moment you book to provide you with the best experience because YOU DESERVE IT! This is one of the most exciting times of your lives and I am honored to be a small part in it.

For a little more about me, you can usually find me hanging out with my best friend and husband, Nick or cuddling my fur baby Rylee. I absolutely love my plants, although they don't normally love me back. I have an addiction to binging episodes of Survivor, and I love home organization and decoration. I have a career background in events and non-profits so events, timelines, and keeping your mind at ease throughout the chaos is where I thrive. I am so excited to share more about the PDP experience in the next few pages, and can't wait to connect!

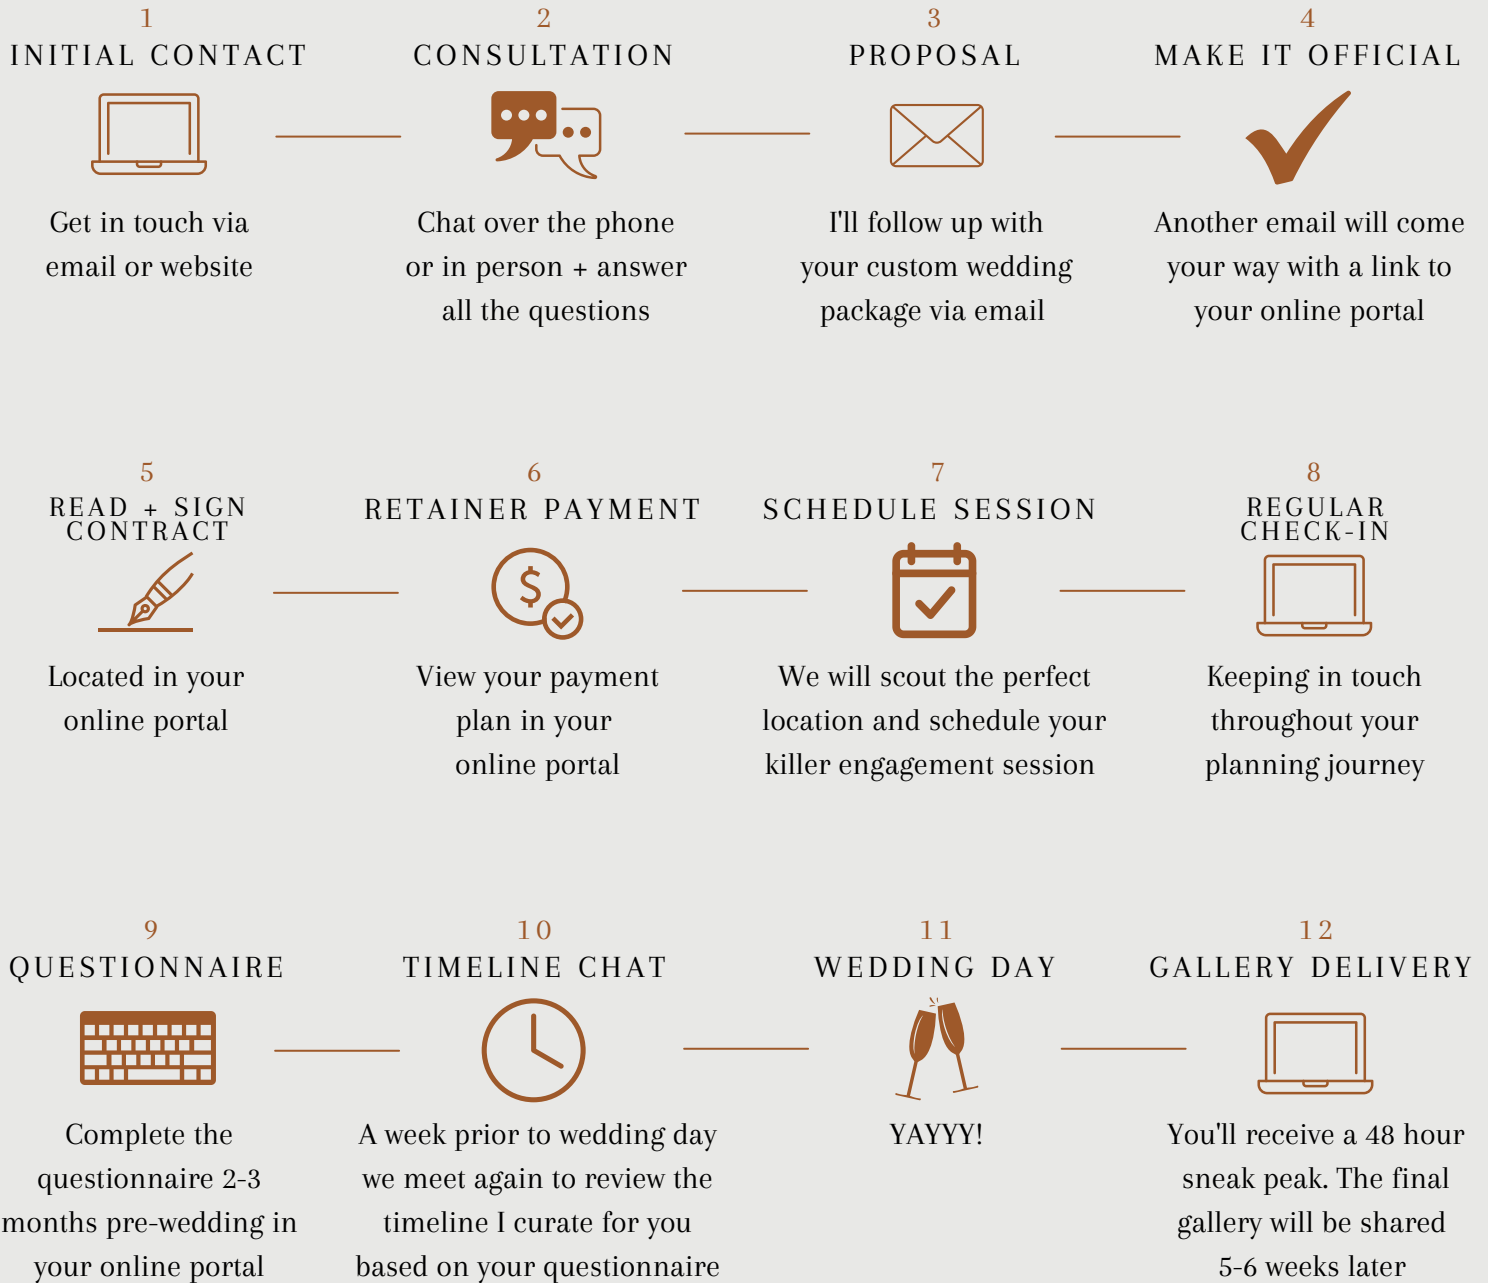

Talk to you soon!

What to expect

My job is to not only capture you day flawlessly, but also to make your task of planning your special day as ENJOYABLE and SIMPLE as possible! Knowing exactly what to expect is a big part of that, so here is the step by step process of your PDP wedding experience:

What other couples are saying

"Damon and I loved that Paige was so easy to work with. We wanted a photographer who **felt like a friend right off the bat** so we could be comfortable with them on our wedding day. Paige got along great with our daughters Mackenzie and Madyson (they loved it!- natural models) and worked around the weather during our engagement shoot and our limited availability. We really wanted **candid shots that captured the emotions of the moment** on the wedding day which she did so well! Highly recommend!"

Damon + Audrey

"Paige is the absolute best. We recently took our engagement photos through her and it was such a fun experience. We both thought we were going to feel awkward during the session but this was not the case whatsoever! It was so **easy going and none of it felt "scripted" or super posed**. She gets natural photos and captures our true happiness for each other. She is also **very responsive to messages** and keeps you in the loop. She **gives advice about everything regarding the wedding, not just photographs!** I would highly recommend her to anybody!"

Alex + Caleb

"As someone who is uncomfortable having their photo taken, **Paige has a great way of making me feel at ease**. She pays attention to the details and brings light and a sense of humor to the experience. I'm amazed with how comfortable and great she makes us look in the final product! She is top notch and I highly recommend her for your photography needs."

I believe photography is SOOO much more than just another vendor. It's finding someone who you connect with, feel comfortable around, and can trust.

Photography stops a moment in time and lets you relive it over and over again for decades to come. Trendy edits are great for a family session, but your wedding photos deserve to be timeless. If you're ready to befriend someone who truly cares about you and your big day, will be your ultimate hype girl, mini wedding planner, and give you kickass photos that will make you cry, laugh, and make you feel like the stunner you, are you're in the right place.

Your story is what matters

So lets tell it together

handmade fine art albums

Depending on the selections you chose, an 8" album may already be included in your photography package. If it's not, let me explain quickly why ordering a stunning high quality album to showcase your wedding images is a decision you won't regret!!!

Generally when we get photos done they sit on your computer forever before being printed, better yet, if printed, you likely will only hang a few and the rest collect dust in the closet... I cant' be the only one that does this right? That's why this album is so amazing. I do the leg work of designing and ordering while you sit back and show it off when you have friends and family over. I work with Kiss Books when designing albums because they are the highest of quality and are built to last FOREVER. The thick pages, deep color, and cover materials are honestly unmatched. They have over 35 cover options, multiple options for cover engraving, and this is all included in the price.

Frequently Asked ?'s

What's your style?

I take a unique approach to capturing your wedding day, so when you look back on your photos years from now you have ALL the feels. I capture real candids, classic poses for mom to hangup, badass vogue inspired poses that make you feel like the stunner you are, with photojournalistic images to capture the beauty in every detail and moment.

What do you require to book?

To make it official, you sign the contract and make a 25% non-refundable retainer payment online. After that, final payment is due one month prior to your wedding. Payment plans are available upon request.

How many photos do we receive?

On average I take, 90-100 photos per hour. So for a 8hr wedding you can expect around 700-800 images. A few factors can also impact this number, such as, a second photographer, wedding party size, and how wild the dance floor is :)

What's plan B if something unexpected happens and I am unable to photograph your special day? COVID SUCKS.

Two Options

1. I offer options for a replacement for shooting on the wedding day. However, all communication AND editing would still be through me. Allowing you to get the same style you fell in love with. That photographer would simply play as a substitute day of - NO extra cost to you.
2. You can choose to work with another photographer of your choosing, or I can recommend some to you. Either way you would receive a 75% refund. Your original deposit of 25% is non-refundable and helps me to pay my bills and keep food on the table.

Can we add on hrs and/or a session after signing?

Yes, additional hours can be added on at anytime for \$300ea. You can also add a boudoir or engagement session, let me know and we can work something out!
