

Creative. Elegant. Memorable ...

We execute your dream wedding. Whether we're planning your wedding, engagement party, or bridal shower, we pay personal attention to all the details ... color scheme and overall LFC&D (*look, feel, colors and design*)! We believe each client is unique and will create custom packages according to your taste and budget.

We do full service for up to 150 guests. For more than that, we work with our partner planners.

A typical full-service planner helps to set the style and colors, help find ceremony and reception space, recommend vendors, accompany the couple to food and cake “tastings” and screen vendors, entertainers and oversee contracts.

We also design flat digital print items including Save the Dates, Invitations, Posters and Banners. Pricing varies, but they will be custom to the “LFC&D”\* of your day.

On the wedding day, we put in a full day of troubleshooting, handling last-minute details and keeping the event on schedule. Your day will flow seamlessly.

Vendors we work with: decorators, photographers, videographers, DJ's (English and Spanish), A/V and staging, piping and draping, open air Photo Booth with custom draping/signage/lighting, according to your theme and colors. Our vendors are excellent and by using them, you save money.

Typical planning package:

1. We go with you to visit all of your prospective venues/services including fashion, flowers, bakeries, etc.
2. We help you pick out items to decorate your venue
3. We (or our partner vendors) will decorate your venue and we oversee all your other vendors

4. We will negotiate rates for you and be there on the day of your event to make sure every detail goes according to plan
5. We help in every way to make your event a success including recommending and auditioning talent, bands, dancers, etc. We make arrangements for you according to your schedule in every aspect of the planning.
6. Unlimited calls, emails, texts
6. Print items: Your choice of two of the following print items included with every package (up to 100): Thank You Cards with your photo, Thank you magnets with your photo, Welcome Banner, Sign in Poster, Save the Dates
7. We spend about 20 days exclusively planning your event. This including designing your print items and of course be there for you on your special day.
8. Photography: includes one of our premium photographers with over 10 years in the business. He or she will photograph your entire party day. Packages vary and start at \$1,000. Albums start at \$150. A disc of edited photos (up to 200, depending on the size of the wedding) is included in the price.
9. Videography packages are \$1,200 including 1 fully edited HD DVD with presentation case (and your photo) and a bonus disc of photos if shot on DLSR. Up to 40 minutes of beautiful images. If you want raw footage, add \$300 to the cost and you will also receive a USB with all of your clips.

*You found the perfect life partner ... you need the perfect planner. We'll make the perfect team!*

\* *look, feel, colors and design*

## PRICING:

Since packages and services vary, it is important to clarify in writing exactly which services are included. All packages can be altered to suit your needs, but prices are set once they are confirmed and we always include free gifts and décor accessory items on loan to save you money.

Planning includes putting together all of your details. Linens, flowers, specialty décor, lighting, favors, etc. are an extra fee. However, we work with many vendors and can get you cheaper rates than if you hired them on your own. Say you wanted your entry space to have custom escort cards with a feathered and jeweled centerpiece. That would be an extra charge custom to your décor. If you want satin runners, or chair covers, or full length sequined tablecloths, that two would be an extra charge. Décor is always a separate fee outside of the planner fee. However, we don't charge more to set it up with you and will work with your venue to make sure everything is perfect.

Tax is included, but travel fees are not included. We do include some décor accessories that we already have in stock should you want to use them such as votive candles, table mirrors, card box, silk flower petals.

We have a choice of two styles of clear 16" and 20" vases that we can rent to you (flowers are not included, but you will save money by having your florist use them, so you just pay for the flowers).

Here is a basic guideline for our pricing:

- Up to 25 guests: \$1,200 (one free print item)
- 25 to 50 guests: \$1,500 (one free print item and one sign in poster)
- Up to 100 guests: \$2,500 (you get two free print items)
- Up to 150 guests: \$4,000 (you get two free print items and a complimentary engagement or wedding dress fitting photo shoot)
