ABOUT US

Hi there! I'm Stephanie, but I like to go by "Steph". After much soul searching, I've decided to join my husband, Kaiel, on this photography adventure. Away from the camera, I love hanging out with Kaiel and our one-year-old son, Kai (Kai means "ocean" in Hawaiian. Noticing a theme here?). We love spending time outdoors—especially at the beach. I really hope you enjoy our team effort to bring you the wedding portfolio of your dreams.

I'm Kaiel (pronounced like "Kyle"). I'm the Wave of the duo being anywhere from gentle to very much alive. I'm active, fun, and lively—you'll ALWAYS catch me on the dance floor! Aside from that, Steph and I love spending time at the beach (fun fact: we got engaged at Lanikai Beach on Oahu), hanging out at Disneyland, and collaborating together for Shore & Wave. My love for Stephanie is greater than any wave you could imagine. I desire to be the best husband and father that is supportive, encouraging, daring, fun, and almost untameable. Videography is my passion and I hope to be able to share that with you!

FAQ

What's the booking process in an overview?

Phone Call or FaceTime to talk about you two, your wedding day, your vision, and what you'd like us to cover

If all is good from there, we will send over a contract for your review.

Sign contract and paid retainer paid books us for your wedding day!

Phone call discussing engagement shoot locations and activities

Engagement shoot

Typically about a month before your wedding day we go through your timeline and finish your shot list.

Final phone call about two weeks before your wedding day to walk through the day and make sure timing is all finalized.

Oh yeah, we chat with your coordinator as well about all other details and events that are important for us to capture :)

Can you explain the engagement session?

No soon-to-be newlywed wants to feel camera shy on their actual wedding day so having this shoot is all for the FUN. We want you two to be super comfortable with us being able to laugh, giggle, joke for a bit but also show us your love for each other without a care in the world. If we see something that we want you to do, we will let you know :)

How long will it be? Where should we go?

The engagement shoot is one to two hours most of the time and definitely during “golden hour” which is the last hour before the sunsets. Location is something we will discuss because we do want something both gorgeous and helps tell your story. Some options could be the beach, at the house, or urban.
