

Invitations: I charge \$40 per hour to design invitations as they come in all shapes, sizes, and designs. A typical invitation takes around 5-6 hours to design (\$200-240). Depending on the design, however, it may cost more or less with the time used. Once the final design is completed I will provide a digital copy in multiple formats for you to keep and use to print at any company of your choice.*

Save the Dates: With Save the Dates, I charge a flat rate of \$120 for a typical two-sided design. This price is subject to change depending on the simplicity or complexity of the design. As with invitations, once the final design is completed I will provide a digital copy in multiple formats for you to keep and use to print at any printing company of your choice.*

Other: Along with invitations and save the dates, I have the capabilities to design a number of different products. Place cards, programs, and seating charts are just some of the things that I can provide. These designs typically run at \$50 per hour.
