What to expect

WHY US?

What sets us apart from other wedding photographers/videographers is that we are a married couple! You're most likely going to have both of us at your wedding no matter what package you book. What typically comes from this is a sense of comfort and teamwork you don't normally get with other vendors, especially since most haven't met before the day of. We know first hand how important capturing a wedding day is, and capturing it well. This job is our number one passion and we value our client relationships so highly. We want to stay invested in your life and watch you grow as a newly married couple!

SOME NEXT STEPS:

After reading through this guide and choosing your package, we will hop on a call with you both. We will discuss the package of choice and answer any questions you may have. After our initial meeting we will send over a proposal; attached will be your contract, and then we're booked, baby!! Feel free to always reach out with any questions or concerns. Now let's get into the fun stuff!

Engagement Session

THE DETAILS

We recommend booking an engagement session with us so you can see how we shoot + work! We also love getting to spend time with you before the wedding. Engagement sessions are recommended anytime from 12-6 months before the wedding- that way, you can use the photos for save-the-dates!

If you choose to book us for your wedding- engagement sessions are discounted (especially if you're local or willing to travel to us). BUT we are always willing to come to you, and we can totally discuss what this will look like! We always have so much fun with these sessions, and the best part is the editing style will be similar to that of the wedding (we love a good cohesive moment).

The next page talks more about what to wear + gives some inspiration for your shoot. Feel free to make your own Pinterest board for inspo and send it our way! We love new aesthetics and ideas and we're always up for a challenge.

ENGAGEMENT SHOOT OUTFITS

Comfort + simplicity is key. Neutrals, whites, blacks, and browns are typically the go-tos with engagement sessions. The more simple you go, the less likely you are to clash with each other and the environment. Brides, feel free to wear something white! It conveys the theme of the shoot and it's always fun to bring some outfits or dresses you wouldn't normally be able to wear!

Two outfits are usually plenty, we suggest one casual and one more formal. Don't go too out of your comfort zone as it may reflect in the photos! Dress like the best version of yourself- maybe even what you'd wear on a nice date night.

Bring hats, props, extra layers, and even your favorite snacks/ drinks for some extra details! As long as you are being your cute selves and are comfy, the photos will be killer!! Engagement photos are so fun and they should just reflect how you are as a couple.

WEDDING

day tips

BE IN THE MOMENT

Your wedding day will be your favorite day ever. Savor every single moment and just know; when you get the photos + video back, it will be like reliving it all over again. We like to take a fly on the wall approach, so that way we don't disrupt you or guests. We totally understand the value of being in the moment and being able to focus on one another, so we are there to capture the sweet moments you share instead of posing too much/often where it becomes unnatural.

The more in the moment and carefree you are, the better your photos will come out! Of course, we will have some cute posed photos, but for the most part, we are there to capture your love story. Every couple is unique and special, and the way we capture that best is by you being yourself.

TRUST YOUR VENDORS

This is why pre-planning is so important. We can iron out any details + plans you guys may have before the wedding, so the day of you are able to focus on each other and your amazingly special day. Whether it is your timeline, family portraits, or just shot lists, you can rest assured we have all the info required to make the day run smoothly.

You may have a wedding coordinator, day-of coordinator, or just yourself. Whatever your situation is, we will be plugged in and working with the best people you see fit to make sure the day is perfect.

FREQUENTLY Asked Questions

HOW LONG DO WE HAVE TO WAIT TO RECEIVE OUR PHOTOS + VIDEO?

At the latest, you will get your photos + video back two months after the event. At the earliest, you will get your photos + video back as early as one week. This is all dependent on our schedules and how busy we are.

WHERE DO YOU TRAVEL + WHAT ARE YOUR TRAVEL FEES?

We are down to travel anywhere! We have upcoming weddings all over the place, including VA, MA, WA, CT, NY, NJ, FL, GA, PA, NC, SC, and Jamaica. We love to travel and experience new places! Our travel fees consist of airfare and hotel costs. We take care of the booking as well!

WHAT DOES THE BOOKING PROCESS LOOK LIKE?

To start, inquire! Fill out a form and tell us about yourself. After that, we will reach out to you and if the date is available, we will set up a consultation call. If it seems like a good fit after the call, we then send a customized proposal. Next, you pay the 25% deposit and the date is yours!

WHAT IS YOUR PHOTO + VIDEO STYLE?

We like to describe our style as timeless with a vintage touch. We want the photos hung on your wall to last a lifetime, and for you to still love the edits 20 years down the road! If you have seen weddings we've done previously and loved the style of editing (photo or video), tell us!

HOW MUCH TIME SHOULD I ALLOW FOR PHOTOS THE DAY OF?

We would suggest at least an hour - an hour and a half for bride and groom portraits, 30 minutes for the bridal party, 20-30 for family, and 30 for sunset. These times can look entirely different depending on your timeline, but we would highly suggest having enough time for all of your photo-ops.

CAN I HAVE RAW FOOTAGE/ FILES?

We do not allow for raw footage/ files to be sent or viewed. Please trust that every image and file is handpicked + edited specifically for you. Color editing is one of our favorite parts of the job, so we promise you'll receive great final products.
