

Wedding Photography & Cinematography

Welcome!

First and foremost, congratulations and thank you for your interest in Palacios Photography and Film!

This is an exciting time for you and your family, and we hope we can help preserve these memories for you.

The task you have in front of you is not an easy one. Choosing an artist to tell your story is probably one of the most important decisions you will have to make in the upcoming months and one that will be with you for the rest of your life!

Sure, where uncle Bob sits and who gets chicken or beef are important decisions, but none carry the long term implications of your imagery.

Our goal is to tell your story in the most compelling way possible. We treat every event with the care and the trust that it deserves. What could be more important than giving your family beautiful images that will provide enjoyment for years and hopefully, generations to come.

The responsibility of documenting your big day is one we take very seriously. Enclosed you will find detailed information about our products and packages. Please let us know if you have any questions.

We look forward to working with you
