

OUR CUSTOM APPROACH

We have found that no two couples and no two weddings are the same. After 20+ years of experience we know that every wedding is unique.

We used to offer packages, the usual, Day-of, Month-of, Full Service and A-La-Carte but we have learned that there are nuances within those packages so we just ditched them and adopted the full custom approach. Rest assured, you may only need Month-Of service, so that is what will be reflected in our custom proposal, but if you need something more, we will be able to include that appropriately.
