- ~ Flower girl hair, age 12 and under
- ~ Flower girl makeup, age 12 and under

The Team

I am the lead stylist for every bride that reserves “Abigail Joy Hair and Makeup Artistry” for their wedding. With larger parties, I bring a team! The group of hairstylists that work with me are highly skilled and trained cosmetology professionals. The makeup artists are talented and passionate individuals and I have a hand in personally training some of these amazing women to provide you with a makeup application that you won't easily forget. All of these ladies have down-to-earth personalities that will blend beautifully with the atmosphere of your wedding-morning. We're passionate about taking great care of our brides and bridal parties as this is such a precious day and it's all about you!

The Trial

This is our time to create together and where your bridal hair and makeup vision starts to become reality! It's SUCH a fun time. I do require a bridal hair and/or makeup trial for each bride I work with. I ask that “inspiration” photos of the look you would like for me to achieve to be sent to me at least **one week** prior to the trial so I can be best prepared for you! I recommend your trial to be 4-6 weeks prior to the wedding. It's always fun to schedule this for the morning of a bridal shower or a dress fitting!

Touch-Up Service

Consider me your personal stylist for the day! I will be with you through pictures to make sure not one hair is out of place and that your lipgloss is always poppin'. You will treasure the photos from this day forever and as your stylist/makeup artist, I want to ensure that your hair/makeup remains looking flawless.

This is a service that is totally customizable to you! I can stay on-site with you once hair and makeup is finished or I can come back after the ceremony. This service includes any touch-ups the bride or wedding party would like-either hair or makeup. *Ask me how we can customize this service for you on your wedding day! // \$100 per hour

Bridal Party Packages

Note: All packages are per **service** and not per *person*. If you need help choosing the right package for you and your party, I am here to help!

*Example: Hair **and** makeup for 6 people (12 services) + bridal hair and makeup would be 14 services and package **Three**.*
