## Hey yall!

First thing's first, CONGRATS ON YOUR ENGAGEMENT!!! This is huge and such an exciting time for you and your better half - or at least that what we want them to think, right?

I know this is such an exciting time for both of you and I want to be a part of it. I created my business to create beautiful, timeless photos for other people and consider it nothing short of an honor to be included in couple's journey.

I want your day to reflect you and your relationship. I want to tell your story. Whether you both want to run through a forest and get those candid shots, or look like a supermodel that belongs in a magazine, I want to make that happen. I want to know all the quirks that surround and make up your relationship, and I want to be your friend.

My passion on your day is capturing all of the genuine moments and emotions that surround you and your loved ones, even the perfectly imperfect ones.

I want to document the big moments, the little moments, the unexpected and unplanned moments, and EVERYTHING in between.

I want to create something timeless from beginning to end.

Thank you so much for thinking of me to document your love story. If there is anything not listed in this guide that you want to discuss so I can better serve you.

**Now, lets get started!**

I loved shooting with Courtney; she made the experience so much fun. She really takes pride in her craft and puts lots of detail into editing. The shoot was also in good timing and did not take us long to get the perfect shots!

# Package Add Ons

## **NIGHT BEFORE COVERAGE - \$200**

This night before coverage can be of the rehearsal dinner party or a casual night with your love before y'all walk down the aisle. It can be as casual as eating burgers in your bed or a moonlit walk. It could a final set of portraits after the rehearsal is over. This is your session and your time. The time that you and your person have before you are officially married and I want to be there to document it.

## **DAY AFTER SESSION - \$200**

If you don't want to spend time before or after the ceremony taking all of the photos you might want, a day after session could be for you. Time for you and your loved one to get away from the whirlwind of a wedding timeline to laugh and enjoy your first day as a married couple. We can trash the dress, hit up your favorite fast food joint, you name it. Again, this is your time.

## **SECOND SHOOTER - \$500 +travel fee**

I am confident I will be able to cover everything necessary, but if you feel more comfortable with a second shooter, that can be arranged with no issues.

## **PHOTO ALBUM - \$200**

This album will start with 20 pages. Pages can be added accordingly with an increase in price as well.

My husband and I had the best time shooting with Courtney!! We are both awkward when being photographed together. And she made it feel so natural and just told us what to do and we loved that!!

# Frequently Asked Questions

## How many images are included?

As a minimum, for weddings, I will deliver at least 400. For sessions, I deliver a minimum of 50 but I don't put a set number on how many you will receive. However, I will never leave anything out. Every wedding and session are different from one another, so the numbers are always changing.

## Do you give RAWs?

I do not. RAW images only show half of the story. I spend a lot of time during the editing process and never want to deliver anything that I do not feel is complete and that I wouldn't frame myself. If you feel like I missed delivering a photo, just ask. I am more than happy to check back through my images.

## How do payment schedules work?

I require 50% of the full payment at the time of booking to hold your date and the remaining 50% is due three months prior to your wedding or one month prior to your shoot date. I am able to send you an invoice or credit card with a 2.9% service charge, but I believe venmo or cash can be an easier and does not include a service fee.

## What do we wear for our photoshoot?

I have a style guide I can send to you and your partner, but just wear something that is comfortable and your style. For some couples being in front of a camera can feel awkward and uncomfortable, so I want you to wear something that allows you to feel confident and ease the situation so we can have the most fun time together. In my experience, sticking to neutrals is the best, but I can help you choose outfits based on the location where we are shooting.

## Can you photoshop us to look skinnier/have clear skin/put animal ears on you?

I believe in documenting the truth, so I do not change the appearances of my clients beyond removing noticeable skin blemishes and any major distractions. I want you to focus on making you feel like the most beautiful version of yourself. If you want me to take on any wild photoshop adventures, I can try but I do not promise it will look good, haha!

## What if we need to cancel/reschedule our wedding?

If you've already put a deposit down on a date and have to move/cancel it, the deposit is non-refundable and a new deposit will have to be made in order to hold a new date. Now, this may sound harsh, but when I book a wedding, I am counting on that money to come in during that time to pay bills, invest back into my business, etc. so I depend on that money to come in.

## What happens if you can't make it to our wedding?

Knock on wood that there are not any extenuating circumstances outside of my control that make it so I am unable to make it to your wedding, but I will do my best to find a replacement photographer to take my place to shoot it. I am not legally held to do so, but in the case of me or a replacement not making it to your wedding, you will be 100% refunded.

## What if we need to reschedule our shoot due to weather?

We can reschedule if the weather is so bad that it will ruin my camera, but the unexpected twists in life are what I think make the most incredible memories and those are the memories I want to capture. Embracing the weather can make for incredible photos, but if we really feel we need to reschedule the shoot, we can make that decision together when the time comes.

# Woah. That was a lot. Are you ready? Let's do this!

## **Let's get together.**

Let's be honest. Planning a wedding is a whirlwind and you probably have a thousand questions going through your brain about how this all works and where to go from here. Let's set up a time to Facetime or set up a phone call so I can answer any other questions that you may have.

## **Contract + Deposit**

Are you ready for me to tag along and document your great love? I do require a signed contract and non-refundable 50% deposit to hold your date when we get any questions you may have all sorted out. After that, the remaining 50% is due 2 months before your wedding or 1 month before you shoot, then I'll book any travel if necessary.

## **Make the Magic Happen**

Then, let's start dreaming up all of the ways we can capture all of the quirks that make up you and your love's greatest story. We're going to have fun, I promise!

*Let's create  
something beautiful  
together.*
