# WEDDING

CLIENT GUIDE

*hello!*

I'm Jennifer. I'm a multi-award-winning portrait and wedding photographer currently based in Smyrna, Delaware. I'm very friendly, laid back, and extremely passionate about what I do. I absolutely love creating and capturing genuine, candid moments. Being able to not only witness the joy, laughter, raw emotion, and beauty of your wedding day but to also be able to freeze it in time is what makes what I do so special. When it comes to your big day, the only thing I ask of my couples is that you relax, go with the flow, and enjoy yourselves! My team and I will take care of the rest.

# engagements

Your wedding day is one of the most important days of your life. Making you feel comfortable and looking your best is what I strive for. Shooting an engagement session not only gives you a beautiful set of pictures to cherish, but it also allows you to experience what your photography will be like on your wedding day.

I love capturing the “in-between” moments, the candid shots that bring out the raw emotions surrounding your special day. These are the moments that make up your story.

## what to expect

Countless amazing couples have entrusted me to photograph their wedding and capture the memories that will remind them of their wedding day forever. My team and I know how to put you at ease if you're nervous about having photos taken and I'm here to help every step of the way if needed.

Whether you're getting married at a vineyard with 500 guests, or on a mountaintop with your closest friends and family, I'd love to be there to capture the day that marks the start of your married lives together.

The first step to getting started is to set up a pre-consultation . These meetings are essential in order to get to know each other and get all of the details laid out before any real planning or photography happens. Getting all of this squared away beforehand can make the whole process go so much smoother on both ends. Everyone stays satisfied, and all involved know what to expect for the final result.
