WEDDING GUIDE

Congratulations on your engagement and upcoming wedding! Thank you for considering me as your wedding photographer and taking the time to view my portfolio of images.

Planning a wedding is an exciting process and I hope to help you visually imagine the day from start to finish. My goal is to make sure that you thoroughly enjoy your wedding day while I creatively capture the moments, the details and portraits. These images will come together in a beautiful album designed by me to showcase your special day.

As a wedding and lifestyle portrait photographer based in downtown Saint Petersburg Florida. I love photographing clients at the beach, in the city and everywhere in between! I would love to meet with you and hear all about your wedding plans; in person for a coffee date or by video chat if you are planning a destination wedding.

I would love to photograph your wedding!

Kristen Sloan

Kristen did a phenomenal job capturing our beach wedding in Boca Grande. She and Scott worked as a wonderful team and didn't miss a single moment, nor a single detail. Their energy and professionalism were above and beyond expectations and the final album we received after our wedding had us speechless. We are so grateful of Kristen's hard work and are very glad she was a part of our special day!

BRIDAL PORTRAITS

Before the wedding day, many of my brides will schedule a Bridal Portrait. This session can be a great time to test hair and makeup. The Bridal Portrait Session can allow the Bride to be photographed in a setting and time of day not possible on the actual wedding day.

Bridal Portraits can be taken at the wedding day venue, a beautiful park or even the bride's family home. The appeal in scheduling a Bridal Portrait session is that plenty of time is allotted for the session; time which which may not be available on the actual wedding day. If the bride is having a hair and makeup trial before the wedding, scheduling this session afterwards can be a great way to really see if she is happy with the results. Care is taken at the session to keep the dress clean, and it helps if Mother of the Bride or a Bridesmaid are available to assist. This is also a great time to make sure the dress is fitting properly and test all accessories.

BRIDAL PORTRAITS START AT \$425 AND INCLUDE EDITED HIGH RESOLUTION FILES & A 6X6 ALBUM

ENGAGEMENT COUPLES PORTRAITS

I highly recommend scheduling an Engagement couples session before your wedding day. You will get to practice being in front of my camera lens being romantic and connected as a couple before your big day! Plus you will have wonderful portraits and candid moments of the two of you, which you can use for Save the Dates, and gift prints. If either one of you is shy about being in front of the camera, the Engagement session is a must to help relax you about having your photo taken before your wedding day.

For my destination wedding clients arriving in Florida, this session can take place before the rehearsal dinner. Also I would be honored to photograph the two of you, even if I am not the photographer on your wedding day. The couple featured on these pages were vacationing in St Pete Beach and hired me to photograph their Engagement beach portrait session prior to their wedding in St Louis.

ENGAGEMENT COUPLES PORTRAITS START AT \$425 AND INCLUDE THE EDITED HIGH RESOLUTION FILES & A 6X6 ALBUM

“Kristen was awesome!!! Before our session, Kristen and I shared a Pinterest board and she came to our session with ideas of some of the pictures I had in mind. She made our session so much fun and made us feel completely comfortable and natural. Our pictures turned out so beautiful and we could not be happier. We recommend Kristen to anyone in the area!”

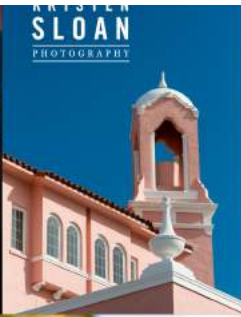

ELOPEMENTS & INTIMATE WEDDINGS

I love photographing romantic wedding elopements and small intimate wedding celebrations! I am usually able to spend a nice amount of time photographing portraits and candid of the Bride and Groom at these smaller weddings.

Our Florida Gulf beaches are a popular location for weddings, especially for visitors. In addition to our great beaches, downtown Saint Petersburg and Tampa provide ample parks and urban areas for small wedding ceremonies. My A La Carte Wedding Photography pricing is especially suited for these intimate weddings, with pricing starting at \$750 for two hours of photographic coverage. This coverage includes an 8x8 Album which showcases my favorite images from your wedding day delivered to you 6-8 weeks after the wedding day, along with your edited high resolution images presented on a mini USB drive. Your friends and family who were not in attendance at your wedding will love viewing your wedding images in an online gallery, and they will enjoy seeing your wedding photographs printed on professional photographic paper in your mini album.

WEDDING DAY PHOTOGRAPHY BY KRISTEN SLOAN

I will provide Wedding Photographic Coverage with candid photojournalism, classic portraits and wedding decor details. Having photographed weddings since 1998, I help my clients create a wedding day photography timeline to allow ample time to capture candid moments and portraiture, while still allowing the bride and groom to enjoy spending time with their guests.

Four weeks after the wedding day, Friends and family will be able to view the photos online and purchase photos from the wedding. The edited and color corrected high resolution images will be delivered/mailed to you on a mini USB Drive six to eight weeks after the wedding day.

I will also deliver an 8x8 wedding album, highlighting my favorite images from the wedding 6-8 weeks after the wedding. This album allows you to share wedding photos with friends and family very soon after the wedding. This album is included with all Kristen Sloan Photography weddings as a thank you to the couple for selecting me to be their wedding photographer. My clients rave about these albums, and I include a 6x6 version with all portrait sessions.

Leather KISS Albums use only 100% natural leathers selected for their grains, texture, strength, and quality. Full-grain hides feel better, last longer, and are more attractive than fake, bonded-leather covers.

Linen KISS Albums are a light, textured, animal-friendly option for covering your KISS Album that highlights the true hand-made, artisan nature of their books. The layered weaves are a delight to the fingers, while the colors are a feast for the eyes. The pages lay beautifully flat, so you don't lose any of the image in an unsightly fold. These books are works of art!
