

## Event, Wedding & Party Packages

We at **Ace In The Hole Entertainment** offer our clients an invaluable confidence by assuring them of nothing less than a home run for their event. Good food, photos, tasty treats, flowers, etc. - all important aspects of a successful event. However, no one leaves a party or an event saying "Wow, all those flowers kept us dancing all night!" or "Boy that \$2,000 cake will sure give us great memories". The truth is, your entire special event rests in your entertainers hands and it is far too important of a day to leave it in *unqualified* hands. Many so called "DJs" merely do this on the weekends as a hobby or to generate some extra income. Cheap gear + illegal music + a full-time job = Hobby DJ offering pocket money prices and a huge risk!!! Others still, are part time hourly employees of a much larger company that has little to no real interest in executing an exciting, show stopping, and unforgettable performance because to them you are just another sale. Anyone hired to make a small hourly wage to play at your event will likely just go through the motions because they are simply waiting to get off the clock and go do something other than be at "work".

As full time entertainers and performers however, we focus on providing our clients with the best performance and best service possible. This is why many who want a sure thing contact us. We take pride in the fact that we have never had a bad show, our vocalists give Rockstar performances everytime, and we DJ and MC the entire evening in a manner that is hip yet classy, fun but not corny, and of course, professional and top of the line.

Let's talk equipment. If you do your homework on our gear you will quickly find that we use nothing but the very best! Expensive? Yes. Could someone use anything else to DJ at your event? Sure. Would we offer it to our clients? Absolutely NOT! Having the best sound and lighting offers us and more importantly you, the client, a peace of mind that comes in knowing that everything we bring for your big day is reliable, top notch, and state of the art. Most DJs do not have the means or the desire to provide the caliber of setups we provide but we feel that if someone claims to be and offer the very best then they must utilize the very best tools available. We take your event seriously so guests are always sure to have a seriously good time!

Below are our current packages, all of which can be specially customized to fit your needs. Extra hours of performance can be added if needed for an additional fee. Please consider in addition to the allotted hours of service included in each package the vast amount of time involved with performance preparation, consulting, production work, setup & tear down, travel time\*, and the overhead of gas, staff, etc. These costs have already been allocated into the pricing of these packages. They have been efficiently designed for you!

**\*Prices vary for longer travel distances consisting of over 1 hr travel time.**

## Ask us about our:

### Wireless LED Uplighting (aka "ambient" lighting)

The hottest trend in weddings today! Energy efficient and available in your choice of over a million colors to fit your theme. Use to highlight tables, towers, the cake, or anyplace that needs attention or a touch of color.

### Additional entertainers

Care to mix it up a bit? Add some extra talent to the party which can open even more doors of possibility onstage. Add a female vocalist for duets or to have your favorite Diva performance! Whether an additional vocalist or a musician. We have a fantastic team of skilled performers ready to take your day to new heights.

### Surround sound option

Coordinated speaker coverage for your venue allowing all of your guests to hear at the same level of volume regardless of their location in the room. Safer for ears, good for conversation, and appreciated by guests both young and old!

### Monograms

Picture your name in lights. Literally! Have your names cast across the dance floor or your initials and wedding date brightly shining over your head table. You dream it up and we bring it to life! Leave your mark in style.
