## *Why You Want a Film*

There is nothing like having a film about one of the biggest days of your life. Through film, you get to see the little details of your day—the breeze blowing through your hair, the way the crowd proudly stands as the bride walks down the aisle, how the groom nervously sways in anticipation of seeing his bride for the first time. Our job is to allow you to experience what you felt on your wedding day over and over again.

## *Sample Our Videos*

Please check out our other wedding videos on [Facebook](#) or on our [YouTube](#) page. Though we work with couples to get a custom look and feel, you can at least get an idea of what we offer.

## *The Process*

If you are interested in booking with Stone Valley Films, you can reach out to us through [The Knot](#), [Wedding Wire](#), [Facebook](#), or [email](#). We would love to get to know you more so we can best tell your story. We can discuss your venue, the schedule of the day, and the overall feel of the wedding.

## *Booking*

To secure your wedding date, Stone Valley Films requires a signed contract along with a 50% non-refundable deposit. The remaining balance will be due 30 days before your wedding date.

## *The Film*

You will receive the final product within a month of your wedding day. Stone Valley Films may share some screen shots and clips from your date throughout the editing process, however. If you ordered a trailer, it will be released within one week of your wedding.

## *Other Things*

The pricing list above is a basic structure of what we offer. We are excited by the prospect of coming up with a custom package for you, so if you have new ideas, we are more than willing to try and make it happen! As for music in the video, a lot of couples want specific songs. Due to copyright issues, we have to select music that can be shared and distributed legally. That said, we take a lot of time and consideration into the music for the video, as it is a huge part of telling your story.
