FAQ'S

How do you tell our story?

The biggest contributor to telling your unique love story as a couple is the audio that we record. Letters to each other that you read aloud, the officiant's message about how you two met, tearful vows spoken that you wrote yourself, and joyful toasts shared by close friends and family, all come together with music and visuals in your wedding film in a way that fits you and your relationship perfectly.

How do you get to know us?

I would love to sit down with each couple over coffee and talk about how you met, how you fell in love, and the plans for your wedding day. But I understand that in-person meetings are not always possible, so we can arrange a video conference, or at the very least, a phone call to get to know each other better.

What is your business policy for travel expenses?

Stone Valley Films will fly or drive anywhere to film your wedding. We DO NOT charge travel fees for weddings within 100 miles of Paducah, Kentucky. If your wedding is outside of the 100-mile area, please let us know and we will create a custom quote. I LOVE to travel.

Do you offer all-day coverage?

Stone Valley Films wants to be there for every significant moment of your special day. Our collections include a range of hours for the wedding day, but additional hours can be added to any collection.

What is your payment policy?

Stone Valley Films requires half of the payment upon signing. This will lock in your date. The rest of the payments can be determined with each couple later based on which collection is chosen. All payments should be finalized 30 days before the wedding.

What forms of payment do you accept?

We accept cash, check, Venmo, Paypal, and Square. Keep in mind, Paypal and Square charge fees for their services.

What is your turnaround time for my wedding film?

I complete full-length wedding films in the order they are recorded. This typically results in a turnaround time of 4-6 weeks.

Do you offer drone footage?

Yes! But it depends on the weather, local restrictions, and the schedule. I personally want to get drone footage in every video I shoot because it adds so much! So, if it works out, great! If not, well, you're still going to get a great wedding film.

READY TO SAY I DO?

SO WHAT'S NEXT?

We would love to meet with you two, hear your story, brainstorm ideas of how to make your wedding film epic.

Our primary goal is to build a relationship with you in order to better understand the story you've entrusted us to tell.

We're searching for fiancés who aren't afraid to be themselves, laugh a little, and let us capture the heart of their relationship in addition to the events of their wedding day.

We look forward to meeting with you soon! Please let us know if you have any questions.
