wedding pricing + info

hey, I'm Jess

Hello there! My name is Jessica, but you can call me Jess. I'm a newlywed with 5 years of professional wedding experience and I have created this ideal package that includes all the best things to document your day to it's fullest.

Everything in here is included in my price of \$2500, which clients get to decide the payment schedule. So let's talk about your wedding?

Pre Wedding

Engagement Session:

These are my favorite things. We can go anywhere, and do anything. Only catch if you guys have to drive or I need money for gas. You usually get **200-250 photos** from this session. They are a lot of fun! Basically we go wherever you want and I document your cuteness.

"She truly offers amazing work at a very reasonable price. The engagement photos she took of my fiance and I in Yosemite were incredible! I am not typically a picture kind of guy and I don't usually like how I look on camera but I loved all of the photos she took!"

Pre Wedding

A few meetups: First off this is where we talk about engagement photos (what we want to do). Then the next meetup we'll plan shots we want for the wedding. And this facilitates us becoming friends. I value becoming friends with my clients because if we're friends, I'm going to care about you and you're going to trust me. And if you trust me and I care about you, then we can create photo magic.

This is how I know about the special relationship you have with your aunt or your brother. This is how I know the groom hasn't seen his mom in 8 years. This is how I know what makes a special moment FOR YOU on the wedding day when you're off enjoying them. Because this is YOUR day, and I'm just here to capture it the best I possibly can.

A romantic photograph of a couple kissing on a rocky cliff edge at sunset. The scene is bathed in warm, golden light, with the sun low on the horizon behind them. The couple is silhouetted against the bright sky. The woman is wearing a dark top and a patterned skirt, while the man is in a light-colored shirt and shorts. They are standing on a flat, rocky surface. In the background, there are rolling hills and mountains under a clear sky. The foreground is dominated by large, reddish-brown rock formations with visible horizontal layers.

"Jessica seeks to understand who a couple is before photographing their big moments. She met up with us multiple times to get to know our story and our wants and needs. She is caring, attentive, and extremely professional. She's great at managing chaos and helping reduce anxiety." -- Ally A. 

Day of Wedding

The Big Day! You have me for **8-10 hours of shooting** along with my **second shooter**. [Second shooters make for a completely different day. Not only can I not be in two places at once, but they help me not be stressed in trying to capture everything, so my shots are better. Plus I pay them out of the 2500.] Travel is not included in this 8-10 hours.

Travel expenses: Within this package you get 2 hours of travel from my home in Ahwatukee, Arizona. So if you're local, we can go to everything! Where the bride is getting ready, where the groom is getting ready, or maybe you want to do your first look on top of a mountain? We're down. If you're in California, that's okay, I love traveling for weddings.

Day of Wedding

Any special sessions: Want to do a first look with groom, bridesmaids, and/or family, or mini boudoir on the day of, or whatever you can come up with!

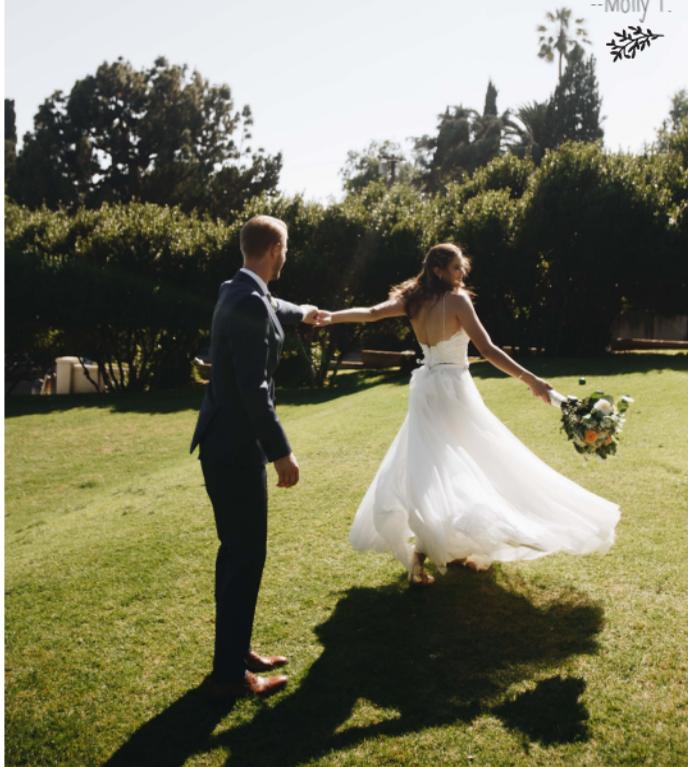

"We cherished Jessica's honesty and sincerity as well as her attention to detail and valuing our values as a couple in our to have us remember one of the best days of our lives."

-- Lauren G. 

"Jess went above and beyond for our wedding. She invested so much time and care into making sure everything turned out perfectly and the photos are truly stunning. She listens really well and did everything exactly as we asked. I'm a filmmaker and my (now) mother-in-law was a photo editor her whole career. So we're picky about this stuff! But Jess lived up to all our expectations."

--Molly T.

Post Wedding

Social Media Package: Because social media is such a thing, and If I'm eager to see your photos, than I know you are... I like to send 5-10 within two days of y'all getting hitched. Then a **Teaser** within 2/3 weeks of wedding. This is a full blog on my website that tells the story of your wedding day. You can share it with friends. It's super fun. Credit me online!

Then the last meet up (or what you get in the mail) where I give you **600-800 full edits** of high resolution photos **within 6-8 weeks** of wedding.

Photos delivered on a **Wooden USB** along with an **8 x 11 sized, 20 page Flush Mount Hardcover photo book**, that looks super rad and makes those moments a bit more tangible.
