”WOW!
WHERE
TO EVEN
BEGIN.”

"Wow! Where to even begin. Larissa was truly the best partner we could've chosen throughout our wedding journey. From our first call I knew she was our photographer, it's really important to choose someone who is so down to earth as they will make your whole day fun and keep you focused on just having the best day ever and not sweating the small stuff. She really listened to what we wanted and had awesome ideas that we would've never thought possible. Truly breathtaking is how I would describe her work and her genuine personality is an added bonus. The best choice we made, recommending her to all that we can!"

| WHY PHOTOS ARE IMPORTANT

BEFORE WE DIVE INTO ANYTHING ELSE...

I want you to understand why I do what I do and why I'm so passionate about it.

Your wedding day is full of so many emotions, joy, nervousness, love, gratitude, etc. It goes by so fast and all that you are left with are memories and photos and/or videos. Photos allow you to re-feel all the emotions from your day. They remind you of why you chose to walk hand in hand with your partner for the rest of your lives.

Your wedding day is also the start of your legacy together. All future generations will admire and look back on your wedding day. My goal is to not just photograph your day haphazardly but to intentionally create beautiful imagery you can be proud to share with your future kids and grandkids.

| THE EXPERIENCE

YOUR PHOTOS SHOULD FEEL LIKE YOU!

The last thing anyone wants to do is stare at camera while a photographer says, "look here and smile!"

You deserve to have photos that reflect who you are as a couple and what your wedding day feels like. Not photos of you both looking at the camera smiling and standing in cheesy poses like statues.

Your love and life together has character and is unique and deserves to be captured in such a way that reflects that.

I promise you guys will be so focused on each other that you'll forget all about me and the camera.

If you walk away from our time together feeling like you were seen, like I captured who the two of you truly are, and you had fun all the while, then I have done my job!

A LITTLE ABOUT ME...

- I am an enneagram 2w3
- I am an extroverted introvert
- A Walk to Remember and Interstellar are probably my favorite movies
- I enjoy traveling and exploring new places
- I love tacos, mint mojitos, and anything chocolate peanut butter.
- I am married to my High School sweetheart, Alex.

HOW IT ALL STARTED

When I was a pre-teen (think Justin Bieber's "One Time" era), I received a little pink Casio point and shoot camera from my parents for Christmas. I captured all sorts of memories and began photographing my sisters and friends. I loved it and slowly, it became more than just a hobby, I grew to realize I wanted to make it a career.

"I highly recommend Sonder Light Photo Co. if your looking for a photographer to capture your special moments. Sonder Light Photo Co. is professional. They did my engagement and wedding photos. We can't thank them enough for capturing the most heartfelt and happy day. We have no idea how we will pick our favourites for an album, though we definitely have one or two that we cannot wait to have framed and in our home."

90 days to receive the full gallery and you will receive your sneak peek within 24-72 hours after your wedding.

”HER TALENT IS UNMATCHED”

"Larissa is an amazing artist, photographer, and person in general! My fiancé and I hired her to capture some family photos which turned into a proposal, and Larissa orchestrated the whole thing so perfectly, even in such a busy location like Central Park. The photos she captured are my absolute favorite we've ever had taken of us. Larissa is a natural behind the camera, but more so capturing the emotion and love behind whatever she is photographing. Her talent is unmatched by any other photographer in the area, and she's the easiest, kindest person to work with. We can't wait to shoot with her again!" - Laura
