Products Received, Procedures & Copyright

1. The client will receive the best images (250-350) from the wedding day chosen by the Photographer in a online gallery that can be viewed from www.storytimeproductions.net. The client will also get a memory box with a personalized disc with a slide show of images. **No prints or digital images are included in the package. You can choose to purchase a CD with digital files & printing rights for \$250.**
2. The Photographer retains copyright in the photographs, but if the client purchases the CD, they gain the printing rights to the photos. The client also has access to order professional prints from the Storytime site, but may choose to print elsewhere with the purchased CD. Anyone may purchase prints from the online gallery on the website. We encourage you to share your album link with as many family and friends as possible as we appreciate all the extra business!
3. The Client shall discuss the wedding day schedule with Storytime prior to the week of wedding. Photos may be taken before or after the ceremony as long as the schedule is discussed in detail. Lighting changes throughout the day, so timing is important to ensure the client has the best photos. Storytime must be included in the wedding day schedule planning.

Facebook Use:

1. The client may NOT post any photographs on Facebook without the Storytime Productions logo or without a description that is on all Storytime Facebook photos. You are our best advertisement! There will be a wedding preview of photos with the logo posted on Storytime Productions Facebook page. The client may post any or all of these photos to their own profile or time line, **BUT NO MODIFICATION TO CROPPING, COLORING OR EDITING is allowed other than what is needed to fit in banner photo or profile picture.** If you want to post images to facebook, please copy and paste the generic description shown on any of the photos in Storytime Facebook albums. The client may request changes to a photo such as a unique filter or a black and white option, but it must be done by the Photographer. These images represent us.
