

# BOULDER CREEK WEDDING EXPERIENCE

# WELCOME, FRIENDS!

Hello, Future Boulder Creek Couple!

My name is Courtney Page, and this is Boulder Creek
Photography! I know this is an extremely exciting time for
you, and I'm just as excited that you found me!
I believe that the key to a one-of-a-kind photography
experience is for us to get to know each other, so I would
love to start off by telling you a little about myself.

- My wonderful husband Bryceson is my biggest supporter and #1 fan!
- We don't have children, but we do have six spoiled furbabies!
- I love the outdoors, reading Harry Potter books, coffee, pumpkin-spiced everything and spoiling my dogs!
- I am a volunteer photographer for the Veterans Honor Flight of Southern Illinois and get to fly to D.C. with 85 amazing veterans to tour our nation's monuments!

Now that you've gotten to know me a little bit, turn the page to read more about my "Boulder Creek Wedding Experience"!!

Reep reading!...

# YOUR BOULDER CREEK

# WEDDING EXPERIENCE

When I look back on my wedding day, the moments I remember most vividly are the ones that were captured in my pictures. Those images are priceless to me! Our photographer made us feel incredibly comfortable, and I got to feel what it was like to be in front of the camera as a bride. Your photographs are more than just images! They are a record of beautiful experiences frozen in time, and just looking at them can evoke memories of all the sights, sounds and emotions from that day. I strive to make sure that those are fond memories by making your day as fun and stress-free as possible.

I have always sought fulfillment and purpose in my life and my business, and that includes seeking a personal connection with my couples. That familiarity enables me to document every precious moment from your special day with sincerity and joy. I promise to make you laugh, fix your hair and feel like your best friend by the end of your engagement session! My vow to both of you is that your poses will feel natural, not uncomfortable or awkward. You will get to enjoy every last second of the experience and get breathtaking, timeless pictures you will want to share with everyone!

Boulder Creek brides and grooms are unique! They make their photographs a priority because they value reminders of the overwhelming joy of getting married.

Connecting with my couples on a personal level is how I ensure that they get the best experience from the engagement through the wedding day! My couples are treated with love and never left to navigate this process alone.

After booking, I love getting to know my clients through their engagement session. This helps them warm up to the camera so that they are ready to rock and roll on wedding day! We feel more like friends by the time the big day arrives, and that will create a safe, relaxed environment for photography.

Now that you know a little bit about my approach to the wedding day, read on for more detailed information about the Boulder Creek Wedding Experience!

#### WHY INVEST?

Your first step as an engaged couple is setting priorities for your idyllic wedding. It's up to you to decide what aspects of the wedding you value most and where you want to focus more of your time and resources, whether it's the venue and décor, the food, the entertainment or even the dress.

Now that you've read about the Boulder Creek
Experience, I hope that you're glowing with excitement
about your wedding photography. My brides invest in me
because their photography is one of their top priorities.
Your countless hours of planning and preparation all go
into an event that lasts only a few hours, and at the end
of your big day you leave the reception with your spouse
and your pictures... that's it!

Once you've reviewed this investment guide, we will book your special day safely and easily online (yay!). Then we are official! That's when all the fun really begins, and I will be with you every step of the way!

And since you're choosing to invest in high quality photography, I know you will want equally high quality options for storing and displaying your images. That's why I offer a convenient, easy way to order premium heirloom albums and keepsake boxes directly from your online gallery! This is the perfect ending to the Boulder Creek Wedding Experience, and you will have beautiful mementos to share with your children and grandchildren some day!

# DESTINATION WEDDINGS:

Dreaming of saying your vows on a sandy beach or high on a mountaintop? Yes, you can still have a Boulder Creek Wedding! My assistant and I travel! I have been asked why brides don't just hire a photographer from their wedding location, and the answer is there are lots of reasons!

For one thing, we will meet in person several times to go over your plans and wishes. You can also see my photos from real local weddings or get testimonials from your family and friends. Most importantly, you can be at ease on your wedding day knowing that when you head home, your memories will be there! By the time you return from your honeymoon, your entire wedding gallery will be ready and waiting for you! As your love story grows, I will be here to help you continue to tell it by capturing your future memories.

# THERE ARE NO EXCESS FEES FOR A DESTINATION WEDDING COLLECTION!

Collection prices for destination weddings are the same as local weddings. The only additional costs that my clients may be responsible for if necessary are airfare and/or a rental car, baggage fees, hotel accommodations (typically two nights) and vendor meals for the day of the event(s) for myself and my assistant.

ENGAGEMENTS:

DIGITAL FILES:

I absolutely will travel for an engagement session. In fact, I love it when my couples ask me to photograph them in a spot that holds a special meaning for them! I book engagement sessions at least three months in advance, and 100 miles of travel are included in the collection cost.

I'm proud to be able to deliver your images quickly and easily via an online gallery! You can share and download your images as much as you want and also order prints directly from the gallery. I believe in sharing my work freely because that is what I would want if I was in your shoes! Your **entire** wedding day gallery will be available 10 days after the event! Yay!

I often get asked if a full day is really needed to capture the complete wedding story, and my answer is an enthusiastic yes! This day is the official beginning of your life together, and it is so important to be able to tell the entire story! Let's get your date locked in so we can start planning!

ΜΥ

SHOOTING

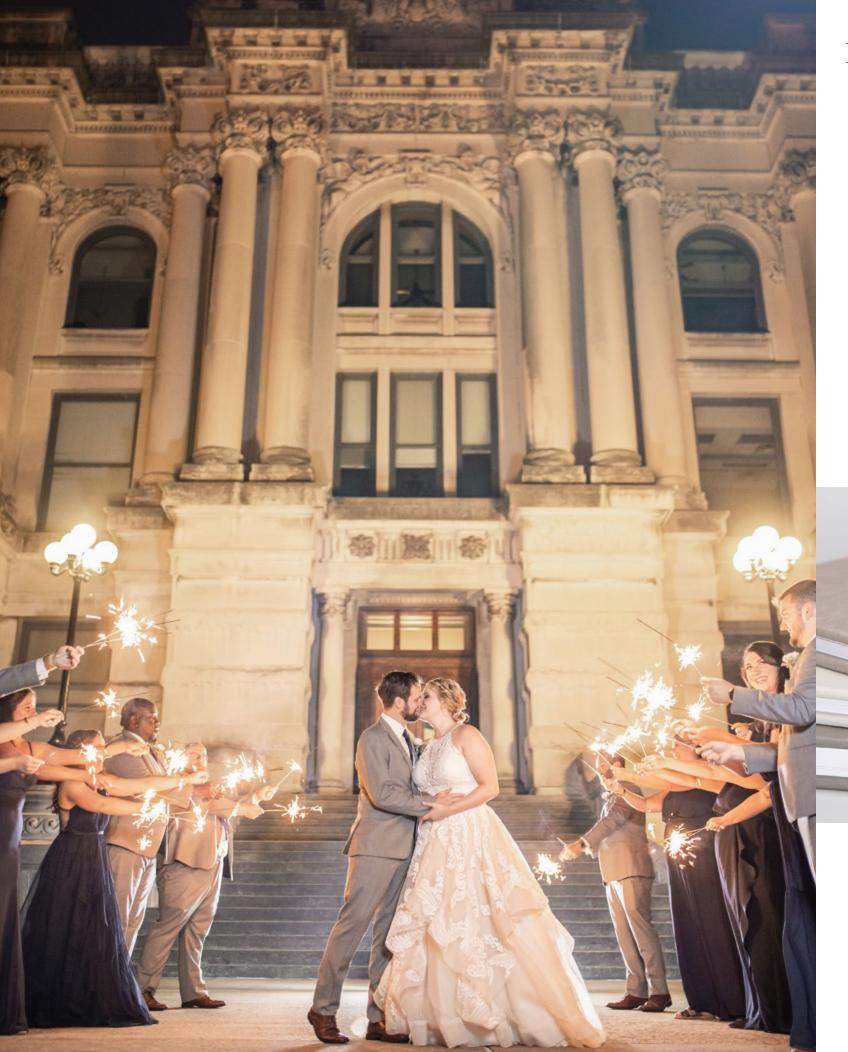

STYLE:

I will be both interactive and discreet at times throughout the wedding day. There will be parts of the day when I will have to be in control to make sure we accomplish everything on the list and stay on schedule. During the ceremony, dances, toasts and other major moments, you shouldn't even notice that I'm there. During the engagement session, I teach my couples how to pose and interact so that it's second nature on the wedding day and we can move quickly between shots!

BOOKING:

This whole process is a lot like getting married... Once we have talked and decided that we are the **perfect** fit for each other, I get to make a proposal! In your online proposal, I will walk you through the collection of your choice, and when you're ready, you can lock in your wedding date by digitally signing the contract and paying your deposit online!

COVERAGE:

# BOULDER CREEK HEIRLOOM ALBUMS

One of my most treasured keepsakes is our wedding album. I made ours right after we were married on October 7, 2017, and we treasure it. There is just something special about your first heirloom as a new family, and we are both saps about our pictures! Even though digital images are great and easy to share, there is just something special about being able to hold your album in your hands and turn the pages to relive the visual story of your wedding day! Not to mention it is a lot easier to show your album off than to drag out your wedding dress!

I am not a photographer that wants to push product sales by any means, but I do believe these albums are important not only for you but also for your future children and grandchildren. Your online wedding gallery puts the album design process right at your fingertips, letting you create and order a unique custom album from the comfort of your own home. Ordering through your gallery ensures you get higher quality prints than you would get from a pharmacy or retail store while also keeping the cost affordable. You will also have a wider range of options like book cloth, linen, faux leather and more!

## SAY THANK YOU WITH A PARENT ALBUM:

Parent albums are a wonderful way to say thank you for everything your parents did to help make your wedding a dream come true. It could be a fun surprise after the wedding chaos is over, or you could order ahead and give it as a Christmas gift! With the online album design tool, you can order multiple copies of the same album or even design your parents their own unique one!

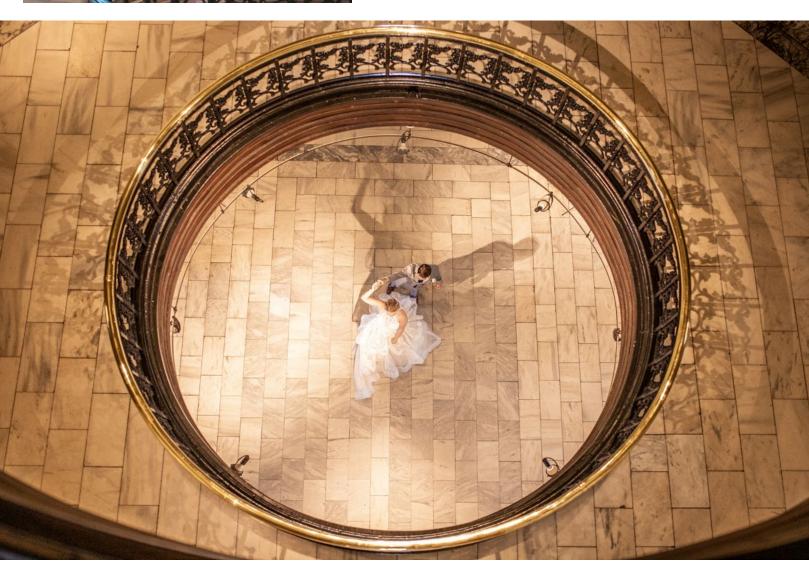

# Thank You

I'm so grateful that you contacted me! Enjoy this season of engagement and get excited about your big day because it is going to be amazing and beautiful! Plan and prepare to your heart's content, but always remember that at the end of the day, all that really matters is that you are marrying the love of your life!! Be sure to visit my blog and website to view my most recent tips, engagements and weddings, and I will look forward to hearing from you. Congratulations on your engagement!

XO,

Courtney
