Thank you so much for your interest in having JP Anderson Productions video your special day! Our wedding videography package is \$1,200 which includes entire wedding day coverage, starting from the moment the bride and groom begin getting ready, all the way to send off, and everything in between! A 5/6 minute promo reel will be created to highlight your day for you to share with friends and family, as well as an entire edited wedding ceremony and reception video delivered to you and all raw footage if wanted! We will arrive about 30 minutes before the bride begins getting her hair and make up done, and then of course will leave after the send off and when everything is complete. As soon as the bride begins getting ready there will be a video camera catching everything and more from the bridesmaids, the venue, the ceremony location, groom getting ready, bridesmaids and groomsman pictures, first look, drone footage, time lapses and everything that honestly takes place! A highlight reel will be created for the bride and groom to share on social media, and of course keep for themselves, and then a DVD, Thumb drive, or online download will be created of the entire wedding ceremony and reception as well. Travel to and from is included in the price. We can create a reel to whatever the bride and grooms needs and wants are! Thank you so much and I hope to be apart of this special day of yours!
