

# Marsells Wedding cake and dessert information

Congratulations on your upcoming event, thank you for your interest in Marsells!

**Price for 2016** We price per serving according to the shape and design of your cake. A serving size is standard at 1 inch thick by 2 inches wide and 4 inches tall (appears similar in size to a 1/3 of a PB sandwich.) Most cakes are priced at \$3.75 per slice. Fondant cakes are \$1 more a slice.

Ribbons, toppers, fresh flowers, and non-edibles on cake are not included.

**Icing choices** We prefer our delightfully light buttercream but also offer fondant or our cream cheese blended icing.

**Cake and filling choices** \*Cake and fillings are a personal choice, we feel it's more fun to mix and match. We do not charge extra to do this. Listed are some sample ideas of flavor combinations we do regularly, or please create one of your own!

\*Vanilla with orange cream / chocolate with vanilla cream / lavender with vanilla cream / sour cream white with raspberry filling / lemon with raspberry / spice, carrot or red velvet with cream cheese / snickerdoodle with cinnamon cream / rose petal with vanilla cream / confetti with confetti cream / strawberry with pink lemonade filling / tuxedo with fudge filling / coconut with mocha fudge / chocolate with german chocolate filling.

Round layers		Square layers	
Size in inches	Servings	Size in inches	Servings
6	14	6	18
7	20	7	25
8	25	8	32

11	45	11	60
12	56	12	72
13	70	13	84

**Sizes of cakes** to meet your servings depends on the shape of your cake, whether it's round, square, or otherwise. Popular sizes are listed with the serving amounts next to them. We also offer hexagon, heart, petal, and triangle shaped layers. Call for size and servings for those shapes. All our wedding layers are made with four layers of cake and three layers of filling.

**Sheet cakes** to supplement your tiered cake will save money when needing a large amount of servings. These are scored only and servings are about two inches tall and square.

1/4 sheet serves 24 (\$25)  
 1/2 sheet serves 48 (\$40)  
 full sheet serves 96 (\$80)

**Decorated** sheets are priced higher by \$10 or more depending on style.

**Cupcakes** are priced individually. Our cupcakes are filled, dipped in white or dark ganache, and iced. Cupcakes start at \$2.50 each.

**Delivery** is charged per hour to include, setup, and return to our facility. Most Spokane area deliveries are \$35. Additional half hours are \$25.

**Bonus** for purchasing more than **150 tiered cake servings**, you get a free top tier replicated at your one year anniversary one hour of free delivery. (This does not include sheet cake servings in the 150 count.)

**Placing an order** is done by making a \$100 deposit to secure your date. This deposit is applied to your cake price but is non-refundable if you cancel your order. This can be done in person, or on the phone.
