

To be married in New Hampshire.....

You and your intended (together and in person) must obtain a Marriage License at a Town Clerk's office. You must bring the following documents with you:

- Proof of identity (valid Driver's License or other photo ID); and
- If applicable, proof of dissolution of previous marriages (i.e., Court-sealed Divorce Decree or Death Certificate).

NH does NOT require a blood test.
The fee for the Marriage License is \$50.

The Marriage License is good for 90 days anywhere in the State of New Hampshire; your ceremony does NOT need to be held in the town where the Certificate is issued. The fee for a certified copy of the Marriage License (aka Marriage Certificate) is \$15.

On the day of the ceremony, bring the Marriage License with you. I will complete and sign it, make a copy for my records, and then either hand-deliver or send it by certified mail to the Town Clerk who issued it. If requested, I will send you a copy for your records. The copy has no legal relevance but you may want it as a keepsake.

In about two weeks, your Marriage License will arrive at the Town Office. You can either pick it up in-person or, if you provide a pre-addressed postage-paid envelope in advance, have it mailed to you.

The Marriage License is the legal document declaring your marriage and is a statistic of vital record. In the eyes of the law, it has far reaching effects on your estate and financial arrangements. Keep it safe and securely stored.
