*** Award Winning and Venue Preferred Lake Placid Wedding DJ ***

I am much more than a DJ / MC; On the night of your event I will act as the liaison between all site staff and vendors to ensure the event meets your predetermined personal needs.

Music:

As a couple, you can be as hands on and involved in the music selection as you choose to be, and I am happy to offer my suggestions. I do not make a playlist prior to events and stick to that playlist. Instead, I like to employ two strategies. First, I read the crowd and go with the flow. I am not a hog the microphone DJ, nor do I consider myself a “party motivator.” Instead, I like to keep people dancing with good music. Second, I take requests from the crowd, so long as they meet couples conditions. I like to take requests via text message or Twitter so guests do not even have to leave the dance floor!

Limited Dates Available for 2019 and 2020!
