WEDDING DAY COVERAGE

On a Bride's big day I think it is so important to be there for the whole day, this allows me to capture the full story. Coverage for weddings starts when the bride begins getting ready and ends when the bride and groom leave.

Wedding day coverage includes a full day of photography, a final online gallery with 700-1000 fully-edited, high-resolution photos and a USB drive with the photos for the couple. Photo edits will be done within 60 days of the wedding day.

ENGAGEMENT SESSION

\$300

During an engagement session I will invite the couple to have real moments that draw out the connection between the couple in a natural way. This is a 1-2 hour session, with an outfit change if desired, and approximately 100 fully-edited high-resolution image files on an online gallery for you to download, order prints and share to social media.
