FREQUENTLY ASKED QUESTIONS

What is your photographic style?

Some adjectives that have been used to describe my work are: vibrant, natural, fresh, cheerful, romantic, sweet, light & airy, among many others.

To get the most accurate sense of my style, I recommend that you look through my portfolio on my website. If you'd like to see more photos and full stories from past weddings, I recommend looking through my blog at linperville.com/blog. To see even more photos, you can look through full galleries from past weddings at linperville.pixieset.com.

What is your shooting style?

My goal is always to capture the mood and style of the wedding to the best of my abilities, while making the couple feel calm and comfortable throughout the day. I try to get to know my couples' personalities so that I can reflect & translate those personalities through the photos.

All of my second shooters and I understand the importance of being attentive yet unobtrusive throughout the day. We try our best to "see but not be seen" (i.e. choosing our placement carefully throughout the day in an attempt to be respectful to the guests and not take away from their experience). We always dress professionally and try to fit in with the dress code of the wedding. We try to be inconspicuous during ceremonies, speeches, etc. but assertive and clear during the posed/group/family shots.

What is your editing style?

Every photo is edited for the optimal exposure, color temperature, contrast, etc. before being delivered or posted. I also lightly retouch some of the photos as needed. I usually include a variety of close crops vs wide shots, black & white vs color, etc. in order to add depth & diversity to the final collection of photos that you receive.

I prefer to edit my photos to look clean, crisp, and timeless. I try to stay away from trendy, heavy-handed editing effects, which I find can sometimes be distracting or detract from the content of the image.

Any photos that are selected for being printed (i.e. canvas prints, flat prints, albums) are welcome to any extra editing or retouching that you'd like.

What are the payment terms? When is payment due?

A 20% deposit is due at the booking/signing of the contract. Once the contract & deposit is received, your wedding date will officially be reserved and therefore the deposit is non-refundable. The remaining 80% payment is due at least 24 hours prior to the wedding day. To pay by credit card, you may request an online invoice. Mailed checks must be received before the day of the wedding. Cash or check payments may also be made upon arrival on the day of the wedding, before any photography takes place.

Are you the photographer who will be shooting my wedding?

Yes! From start to finish, from the booking process until your wedding day, I will be the photographer that you meet with, email, call, etc. and I will be the lead photographer photographing on your wedding day.

If you choose a package that includes a second shooter, he/she will be the “second in command”. If your timeline includes coverage of the “getting ready” stage of the day, he/she will usually be photographing at the groom’s location while I am shooting at the bride’s location. All of my second shooters are qualified, professional photographers with tons of experience shooting weddings & events.

How will I receive my photos? When can I expect to see them?

The final high resolution photos will be mailed to you on a flash drive. The photos will also be posted to an Online Gallery where friends and family can view the photos and order prints directly through the site, if they wish. All packages also include usage rights to the photos, which means that you are welcome to post, print, and share the photos as you wish.

I understand how eager couples are to see their photos, so I always post/send some sneak peeks a few days after the wedding. I dedicate a lot of time to editing & refining every single photo you receive, so it can take up to 6-8 weeks to finish all the photos, but of course I always aim to deliver sooner! Highlight videos are usually finished being edited within 8 weeks.

After you receive your photos, you’re welcome to order a custom designed flush mount album, flat prints, or canvas prints. Contact me at any time to discuss details and design options!

Do you have liability insurance?

Yes. Many venues require that outside vendors have Liability Insurance - I am happy to send a copy of the certificate to the venue/event coordinator, if requested.

A FEW KIND WORDS

Devin B. • 7/2/15

“Lin was simply tremendous! She literally exceeded all of our expectations. Lin was on time, efficient, and had this brilliant way of organizing our group without being invasive. Furthermore, she ALWAYS had a smile on her face and truly made such a positive contribution to the overall atmosphere. Lin was such a pleasure to work with and offered nothing less than pure perfection. A true professional that I recommend anyone work with for their wedding or any similar event!”

Amy B. • 8/1/15

“I cannot say enough wonderful things about Lin! She and her assistant Jen captured every wonderful moment of our wedding day - even some we didn't know about! All of the pictures are absolutely stunning and the wedding highlight video that she edited is awesome! It shows so many private laughs and smiles between my husband and myself when we didn't even realize she was filming us.”

Jennifer L. • 2/20/16

“We found Lin to be extremely professional, highly detail oriented, and very flexible with different packages and customization. She exceeded all our expectations and made the photography set-up a breeze. She even traveled from New Jersey to Baltimore for our wedding. We received the online photos two weeks after the wedding, and grew happier with every photo we scrolled through. We would not hesitate to recommend her to anyone in need of an excellent photographer!”

Talia C. • 9/18/16

“Lin was wonderful to work with! Her and her partner Leah were amazing from start to finish. Not only were they extremely professional, they made us feel comfortable the whole time and they captured every single detail without us even knowing they were there! All of our guests told us how wonderful they were. We just re-lived the best day of our lives through the pictures they took that were ready less than a month later! We're so happy we decided to have Lin as our photographer and would certainly recommend her for your event.”

Kristen S. • 10/16/16

“Lin fit right in with my bridal party. Her attitude throughout the entire process meant everything to me. She was positive, kind and professional which made everything seem so easy and relaxed. The photographs are magnificent. I still can't wrap my head around how every single one is so beautiful. I would highly, highly, HIGHLY recommend this amazing team to any couple looking to create stunning visual memories that will last a lifetime, but who also want a real, human experience with their photographer.”

Photographer & Videographer

I fell in love with wedding photography when I shot my first wedding at 18 years old. When I was 20 years old, during my junior year in college, I knew that I had found my passion and decided to incorporate my photography business. Since then, I have been lucky enough to capture countless weddings of a wide variety of cultures and styles. I'm very grateful to be able to do what I love and I can't wait to share more special days with more unique couples!

There's no greater honor than to be able to photograph a couple's happiest day, and for that reason I take my job very seriously. I will always strive to capture the mood, style, and all the important moments to the best of my abilities, while being attentive yet unobtrusive, and making the couple feel comfortable and calm throughout the whole day. Please feel free to contact me and I'll be happy to answer any questions or help you plan & book your wedding!
