

## CI BY CHRIS PRICING GUIDE

Welcome brides & grooms to be!! At CI by Chris, I offer the Chloe and Isabel line of jewelry that is both beautiful and affordable. All pieces in my boutique are backed by a lifetime guarantee, are lead free, nickel free, and hypo-allergenic.

Planning a wedding is stressful and costly for anyone. Every little detail that you want to be perfect to have your dream wedding, starts adding up very quickly. Trust me, I know from experience. One thing that I found myself struggling with was my jewelry for both me and my bridesmaids. I wanted it to be elegant and most importantly affordable. Unfortunately for me, Chloe and Isabel was not established when I got married so I did not get an opportunity to get these great deals on really breathtaking pieces.

There are two ways to get these deals, through my boutique. The first is the quantity savings. For purchases of 3-5 of the same item, you will automatically receive 15% off. For purchases of 6 or more of the same item, you will receive 20% off.

The second savings opportunity comes in the form of hosting your own pop-up party!! Now, not all of you are going to be in my local area. However, you can still host a party and save!! Pop up parties can be done online, through social media or in person, at your home; a local establishment; or pretty much any place that you can imagine. So, you're asking yourself "How do I save by hosting a pop up party?". The answer is simple. When you host a party and guests purchase items from my boutique, you earn \$50.00 store credit for every \$200.00 in sales generated. Plus, you would also – with qualifying sales – earn the hostess exclusive piece that is different each month. It would not take long to earn enough credit to purchase all your wedding jewels at little or no cost to you.

In person events would have to be within 100 miles of Wellington, Kansas. Online events can be held wherever you are!!

Contact me today for more details.
