

# OK, Let's Talk About What We Offer

---

In Pittsburgh, a Disc Jockey price can range from \$400 to \$2500. Before you think about the price, think about the most important thing to know before you book your next DJ. Starting with, do I trust him with the biggest day of my life? Secondly, can he provide me with the level of service, entertainment, and professionalism I envision for my big day? If you do and he can, then the price doesn't always matter.

Sometimes throughout the diverse price range you can find hard working DJ's that only charge \$400 that could rock your event beyond your wildest dreams and unfortunately sometimes paying that high price doesn't always get you what you want.

So, with this in mind we have tried to offer you a mid-range price with a promise that we will do everything we can to make sure your dream event comes true.

We also, are not a fan of hiding prices from our clients.

So below you will see the complete pricing for everything we offer without any hidden charges.

Please contact us if you have any questions.

---
