WEDDINGS

WELCOME

I have a passion for life and photography. Creating images that tell stories is what I truly love. I am blessed, traveling the southeast and beyond, meeting wonderful people and stopping a moment in time that tells your story.

What Will Your Story Be?

My belief that weddings are a social celebration of a very sacred commitment is how I approach each and every wedding. I feel honored to be a participant in every wedding I photograph and treat both the day and the people involved with the highest level of respect. Most of all, weddings are a day filled with beauty and magic that emerges effortlessly. I believe my job is to capture that magic in the most authentic way - unobtrusively, honestly, joyfully.

My focus is on editorial style photography. I strive for the perfect combination of timeless elegance and fresh style. My second shooter and I work hard to add interest to your wedding images and avoid the dreaded "line ups" of your bridal party and family. Of course, photographs are taken of your bridesmaids, groomsmen and family, but in a more relaxed and modern way. The end result are images to treasure for generations.

With a focus on the laughter, tears, and passion that you and your guests will be feeling without interruption. Each couple is unique in their style, personality, and biography and strive to produce images that reflect that individuality. We represent the grace, distinction, and style that is possible in wedding photography.

I look forward to talking with you and learning more about you and your fiance. If you have any questions, please don't hesitate to contact me.

RAVES

Kay is absolutely amazing! I love her! She is so organized and she makes you feel so comfortable and confident for your big day. Not only is her photography absolutely amazing but she is so easy to work with. She really takes the time to listen and get to know your likes and dislikes. I was worried that it would be hard to gather everyone for pictures and to direct everyone for different pictures but Kay works wonders! I didn't have to worry about it at all. I honestly didn't worry about pictures all night because I knew Kay was there and she had it more than covered. She is also very good at blending in and making sure she doesn't get in anyone's way. I cannot compliment her enough! I would absolutely recommend her to anyone that is in need of an awesome photographer.

Here's the thing about Kay that makes her the perfect wedding photographer: She's on top of it. From our first meeting with her, she was as professional as they come and her flexibility was beyond great. We opted out of traditional bridal portraits and engagement shoot in favor of having her at more events. She shot our engagement party 8 months before the wedding and then our rehearsal dinner and the wedding day. It was great to have time to get comfortable with her. Her demeanor around our large, loud family was absolutely perfect. She has no problems telling people where to go, how to stand, and what to do without being abrasive or rude. On top of all of that, the images she created are beautiful. They are truly treasures we will keep forever.

Kay was absolutely wonderful to work with! She is truly gifted at what she does. Before and after our big day, she never hesitated to answer any of our questions or concerns. What really sold us on Kay, other than her obvious, amazing talent, is that she is so experienced.

Our wedding day ran so smoothly, and a huge part of that was due to her. She does a phenomenal job of organizing each picture quickly & efficiently, and also catching some superb candid shots. I never once felt stressed about timing or getting a certain picture or pose because I knew Kay was taking care of it. After our wedding, we received our disc of pictures promptly, and she has been great with helping us order prints and designing our wedding book. I don't know of anyone else who could've captured our wedding day as perfectly as she did. I'm absolutely positive Kay will be taking pictures of our family for many years to come.

Kay Meyer is Simply the Best there is!

Her work speaks for itself. I knew when I booked Kay that I could trust her to get the quality shots. She is very timely, very responsive, and she brings a sense of structure where she goes. She brings fun and laughter to a very anxious bride and she is wonderful at organizing the mass chaos of family, after the wedding. Pictures are the one thing you invest in on your wedding day, that you actually get to keep forever. That being said, I am so excited to see my images, because I know I had the BEST in the business.
