Congratulations!

Yay! You're engaged and it's time to start planning your wedding.

There is nothing more exciting or memorable than your wedding day. It's one that will be filled with love, laughter, tears (of happiness), and special moments. A time when all your loved ones are finally together in one space, to celebrate you.

I would love to be a part of this special day, and capture every laugh and every tear. Sweet Memories Photography has a passion for capturing the raw emotions and real moments that unfold. Often staying behind the camera and being unobtrusive, my goal is to make you feel as beautiful as you are, and to allow you to enjoy your day while providing you with timeless and creative images to last you forever. When you see your photos, I want you to be able to relive that day and those emotions throughout your lifetime. This day should be remembered and shared with loved ones, and future generations.

Let us tell your love story!

Behind the Camera ...

Hello, my lovely couples! I have such a passion for photography and have since the ripe old age of two. However, photography is not my only passion. I have a passion for life, love, and a few quirky things here and there. Read below to get to know me a little better:

♪ What most people don't know is that I actually have a 4-year degree in photography. Having graduated from George Mason University, I went on to work with a prestigious Washington DC wedding photographer where I continued to learn and study my passion. Between working for that company and working for my own, I've had the pleasure of photographing over 90 weddings, and countless engagements, families, and events.

🐱 Animals are life. I have such a passion for all animals. I have two cats and three dogs, but if I could save all homeless animals, and provide them with a safe and roomy home for them, I would!

⚡ I am a muggle who refuses to let that stop her! I will make it to Hogwarts one day.

🏰 Disney lover here! I honestly don't know what would be better - living at Disney World or at Hogwarts. You'd think that I had never been to Disney before, because every time I step foot at the parks, it's pure magic and I revert back to my childhood ways. Yes, that includes singing out of tune to all of the songs.

💕 I am in love with love, whether it's the cheesy rom-com kind of love, quirky and weird, same-sex, or whatever kind, it's amazing and worth celebrating!

🌍 The world is meant for us to explore! I LOVE to travel to anywhere and everywhere. Korea, France, Germany, Hawaii, Bora Bora, Mexico, Italy, Switzerland, Australia, and New Zealand are some of the places I have been fortunate enough to visit. Next up: Greece and Bali (and wherever life takes me).

🍰 I have a ridiculously bad sweet tooth! My two biggest weaknesses are chocolate covered pretzels and a good homemade apple pie.

Frequently Asked Questions

What is your photography style?

A good question and one difficult to answer because I don't like to limit myself to one style. If I had to describe my photography style, I'd say I'm a mix of lifestyle and traditional photography. As previously mentioned, I love capturing the raw, real emotions and events as they unfold. However, I also understand that all couples and families want the traditional family portraits on the wedding day. So I set aside time to do this.

I offer guidance and advice on basic posing but in a more natural way. In order to capture the essence of who you are as a couple and individual, I work with you to make sure you're in comfortable and flattering poses.

Regarding style in terms of 'light and airy,' 'dark and moody,' etc., it really depends on the weather (since I'm a natural-light photographer - not that I don't often need or use flash) and wedding mood. I tend to border between 'light and airy' and 'bright and vibrant.' You'll notice some of my pictures are more romantic, light, and airy because the wedding took place mid-morning and day when the sun provided me with beautiful, strong light. Maybe the wedding mood consisted of more lighter pastel colors. Other images are more bright and vibrant because the wedding itself included brighter and more vibrant jewel-tone colors. Using flash also can make those colors pop a bit more.

Why should we choose you over other photographers? What sets you apart?

I believe my work speaks for itself. My passion is reflected in the love stories and art that I provide my couples. Every image I take is carefully composed, high-quality, and individually edited as needed. Besides my work and my experience (having a degree in photography, working with a prestigious photographer for 3-1/2 years, and having shot over 90 weddings and numerous events and sessions).

I also provide an excellent and personal experience. I strive to make my couples feel as beautiful as they are, and make sure their images are a perfect reflection of who they are.

Plus, I truly believe in customer service. I keep a very open line of communication. Weddings are nerve-wracking and a lot of planning goes into it, not to mention money! I'm here for you. I've experienced being a part of many weddings. I can help!

Each of my clients are not just clients. When you work with me, we skip the formalities. You become my friend, my family.

Sweet Notes

"Thank you just doesn't seem to be enough to say. The pictures I can't even. I've been through them only a couple times and catch myself just staring at them. You captured some of the most amazing candid moments."

Lynsie + Angel

"Naomi found the most spectacular angles that produced amazing photos and captured emotions that perfectly exemplified how I felt the night of my wedding, as well as the guests in attendance. Naomi works seamlessly but fiercely- it's like she isn't even there but still manages to take superb quality photos."

Erica + David

"She immediately put us at ease and her photos are GORGEOUS. They exceeded all expectations and I would recommend her to anyone, anytime. She is so professional, but keeps things fun at the same time, is flexible and easy to work with. We love love love our photos — they manage to be personal and artistic at the same time. Naomi has an incredible eye; I can't imagine having chosen anyone else."

Christin + Steve

"Naomi is a gifted photographer. She has an eye for finding the exact shot that you would frame! She is talented and she is always on time, quick to respond to email and exceptionally easy to get along with. She made my now husband and I feel so comfortable too, neither of us enjoy the camera/spotlight too much but she never made us feel like we were being staged, she caught our natural moments!"

Madeline + Geoff

"Sweet Memories was one of the best investments we made for our wedding. Looking at the pictures after the fact, I have deduced they must be wizards. Both Naomi and her second photographer blended seamlessly into the wedding day festivities and did their jobs without being intrusive at all. They also made sure to capture everyone that was part of our wedding and all the moments from unique vantage points. I cannot recommend Naomi and Sweet Memories enough. We hope to use her again in the future."
