"Katelyn was the absolute biggest blessing we had at our wedding. Being an event planner myself, I like things a certain way. Katelyn made me relax and not have to worry about a single thing. She was available whenever I needed to speak to her, had a drink ready in her hand for me whenever I needed one, and kept everything on schedule. She is the most professional event planner I have ever come across. I live in Boston, and if Katelyn lived in Boston I would recommend her to everyone I know. If you live in the NY area- hiring Katelyn for your wedding will be the best decision you will make. Thank you Katelyn for making our wedding seamless, relaxing, and everything we wished for. xoxo Sheila and Joe "

"Hiring Kate to coordinate our wedding day was the best decision we ever made. No matter how much you plan and how detail-oriented you are, things are going to pop up your wedding day. Having Kate there to deflect all the issues made it easy for us to relax and enjoy the time with our family and friends without having anything to worry about. If I could go back, I would have booked her to plan our whole wedding instead of just coordinating day of. She has great taste and can take any vision you have for your day and turn it in to a reality, to create a seamlessly perfect event. Much love Kate for being an expert Wedding Planner and creating a memorable day for us both, Kristen and Jon "
