## COORDINATION

While we do not require you use our in-house coordinators, we highly recommend it and it is already included in your package pricing. We have 3 coordinators on staff that rotate. Collectively, our coordinators have coordinated over 300 weddings both here at Grant Hill Farms and other venues around the southeast. What to expect from your coordinator?

-Meeting 1: Your first meeting takes place no later than 6 months prior to your wedding date (we prefer to execute this meeting earlier depending on how far out you have booked). At this meeting we walk through all options for ceremony, reception, and cocktail hour layout including linen choices, glassware choices, etc... We go over all vendor selections (or help select vendors), and in general, just spend some time getting to know you and your overall vision a little better. We feel strongly that your day should be a reflection of YOU, and we work very hard to help make YOUR vision become a reality.

-Meeting 2: Your second meeting takes place 3 months prior to your wedding date. At this meeting we revisit all selections and layout from first meeting and make any necessary changes. We go through your ENTIRE wedding day (from arrival time to begin hair and makeup through the exit) in great detail. We take all info from this meeting and create a master timeline and processional and recessional. After this meeting we take over with all vendors in terms of details regarding load in and load out, items needed from the venue, etc...

-Rehearsal: Your coordinator will schedule, organize, and run your rehearsal.

-Day of Your Wedding: Your coordinator is onsite no less than 3 hours prior to ceremony start time and will remain onsite until you exit. We ensure that all the months of hard work and planning are executed seamlessly. We help place your last-minute items (guest book, items for unity ceremony, etc...), pin corsages and boutonnieres, keep track of time to ensure we remain on schedule, send everyone down the aisle and back, and oversee the entire reception.

We are always available by phone, email, or text and are happy to guide you through the whole process from start to finish.
