PACKAGES

I appreciate the opportunity to share my photography services with you. As a consumer myself, transparency is important to me, and I want to provide you with straightforward rates for my services. There are no hidden fees, and I don't add the cost of unnecessary prints and books.

My photography packages are designed with simplicity in mind, focusing on three main categories: Wedding Coverage, Portrait Sessions, and Event Coverage—these are the primary types of photography jobs I specialize in.

Please find detailed information on each package below. If you have any questions or need further clarification, feel free to reach out to me at c.rusanowsky@gmail.com. I believe in open communication and am here to ensure your photography experience is seamless.

Thank you once again for considering me as your photographer. I look forward to the possibility of capturing your special moments.

Warm regards,

Christopher
